DIVI FAST TRACK

March 2023 Price List

AIS

Pricing & Discounts

Pricing is determined by size of order and other criteria. Refer to your DiVi Fast Track Pricing Program for complete guidelines.

- Note discount being used.
- The list and net amount of order must be clearly indicated on all purchase orders.
- Account must be in good standing and have no past due balance for purchase order to be accepted.
- If there are any discrepancies on a purchase order, dealer will be required to sign off on final order detail. Signature by dealer constitutes acceptance of new purchase order amount and item details contained therein.

Order Changes & Cancellations

Order changes and cancellations are not allowed with the Fast Track program due to the enhanced lead times.

Order Submission

Orders should be placed electronically through the AIS website using Order Request in DealerNet – https://dealernet2.ais-inc.com/Orders/Submit. Any questions on how to submit and track orders should be directed to your Customer Service Representative.

For questions about Divi Fast Track please contact your CSR or email: divifasttrack@ais-inc.com

P.O.'s should clearly state "Divi Fast Track" in subject line and have the electronic file.

Purchase orders must be received by 12:00 PM EST in order for the following day to be considered start of ship date lead time.

All orders must be submitted with a consolidated SP4 or Sif.

Dealer must specify which discount structure they are using- SPIF or no SPIF.

Orders can be tracked online at https://dealernet2.ais-inc.com/Requests/

Payment Terms

A signed purchase order is required for all orders, unless waived by an officer of Affordable Interior Systems, Inc. (AIS). First time orders require a 50% deposit, unless waived by an officer of Affordable Interior Systems, Inc. (AIS). With approved credit, all balances are due within 30 days of invoice date.

Credit

Three trade references (including bank and account number) are required. All accounts with balances beyond 30 days of invoice date will be put on credit hold until the balance is paid in full.

Acknowledgments

Every order is acknowledged via e-mail. Dealer must sign the acknowledgment and return to Customer Service within 24 hours. Orders will be manufactured and invoiced based upon the information on the acknowledgment. If there is any discrepancy, please notify AIS immediately. Orders are accepted by AIS per terms on the acknowledgment. Note order is in production when acknowledgment sent.

If you do not want the merchandise earlier than the specified date, please write "Do not ship for arrival before _____" on your purchase order.

Add On Orders

Add on orders are allowed within 30 days to receive the same discount. Actual freight applies. Please contact Customer Service for a freight code. Must be Divi Fast Track product to receive add-on discount.

Sales Tax

Affordable Interior Systems, Inc. is registered with multiple states. In this case, we are required by law to collect and remit sales tax to the states in which we are registered. Please download and complete the Multi-Jurisdictional Sales Tax Exemption Form from our website for all states which your company has a valid resale tax exemption certificate. Fax a completed form to our Accounting Department at (978) 562-0811. Multi-Jurisdictional Sales Tax Exemption Forms are available on DealerNet.

Freight Policy

FOB origin, freight pre-paid. Delivery includes standard Monday through Friday 7am to 5pm deliveries.

Tracking Shipments

You will receive an email confirmation once your order has shipped that includes the following information: carrier, contact information and shipping reference number. AIS strongly encourages you to contact the carrier in order to track your shipments closely for an estimated delivery date.

Guaranteed Deliveries

AIS will gladly accept requests for delivery times and for drop shipments to job sites on full truckload shipments. AIS is not able to guarantee specific delivery times for any less than truckload (LTL) shipments. Please contact AIS Customer Service if you require delivery on a specific day during standard business hours and for a non-rushed shipment. We offer a guaranteed two hour window receipt on full truckload shipments for $250 for one truckload, or two or more truckloads for $500 during standard business hours. Your CSR must be notified a week prior to your ship date otherwise additional fees may apply. After-hours, holiday and weekend shipments may be arranged for an additional charge on full truckload shipments. Please contact AIS Customer Service for those rates. Please note that in the case of a missed guaranteed shipment the carrier is only liable for that additional charge, not for labor or other damages.

Call Before Deliveries

You may arrange a delivery with the carrier by noting "Call Before Delivery" on your order, which will typically delay receipt of the product to you by about one day. You cannot add a call before delivery on a truckload shipment if you also have a guaranteed delivery arranged. Please note that call before deliveries are estimates only and should not be used when shipping direct to a job site. AIS is not responsible for any damages incurred for any late deliveries, including labor or any other charges resulting from unforeseen delays by any AIS or dealer chosen carrier. AIS strongly urges dealers to take into consideration the risk that carriers typically allow for a 2 day delivery range.

Consolidating Orders

AIS acknowledges orders with a two day ship date range. We are committed to shipping your products within that acknowledged range. Shipments may be combined and consolidated in order to create a full truckload shipment. Shipments may also be hand loaded in order to avoid LTL spillover. Full truckload shipments have less variable transit times as well as significantly less freight damage. Our goal is always to provide you with the best possible delivery service. Transportation efforts are managed as part of an ongoing effort to improve AIS's transportation efficiency thereby saving fuel, reducing emissions, and reducing air pollution associated with AIS's transportation activities.

Please note:
Dealer may incur additional carrier Accessorial Fees if not specified and quoted at the time of order for the following, which may include but are not limited to:

- No loading dock
- Redirect of product
- Refusal of product
- Storage
- Special truck size (standard is 53" trailer)
- Street unloads
- Lift gate requirement
- Detention charges after 2 hours of unload time for TL and 30 minutes for LTL

Terms and Conditions

Deductions
Deductions from invoices are not allowed, for any reason, without authorization from AIS.

Delay of Shipment
Acceptance of AIS acknowledgment confirms order ship date. If dealer requests delay of shipment for any period greater than one day from scheduled ship date, storage fees will be assessed. Dealer must submit purchase order for estimated storage costs.

Freight Claims
AIS will file freight claims for loss or damage if policy is followed. In order to make this policy maintainable, certain requirements must be met by the consignee in accordance with freight laws and carrier policies. These requirements are as follows:

All damage or lost freight should be reported to AIS within 72 hours of receipt. In the case of obvious damage, it must be noted in short detail on delivery receipt (i.e. scratched surfaces, dented cartons, missing pieces).

If missing or damaged freight is discovered after receipt is completed, consignee must notify Carrier or AIS within 72 hours and request a corrected delivery receipt acknowledging loss or damage.

A detailed list of missing or damaged pieces is required in order to assess the value of the claim. Upon receipt of this information, AIS will contact the carrier and request an inspection or waiver thereof.

In the case of concealed damage, AIS must be informed within 10 days of receipt of product. All damaged product and packaging must be preserved as received pending an inspection or waiver of inspection by the carrier. All product that has a claim pending against it must be available for carriers to salvage once the claim is paid.

It is highly encouraged that digital photos are taken of any suspected freight damage. Photographic evidence substantiating claims should be provided electronically to AIS.

Any failure to adhere to these policies and procedures will result in claim responsibility shifting from AIS to the consignee.

Force Majeure
Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike, or any other labor difficulty, act of God, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials, or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations or due to any cause beyond its reasonable control. In the event of delay in performance due to any such cause, Seller reserves the right to extend the date of delivery or time for completion by a period of time reasonably necessary to overcome the effect of such delay, to allocate any available supply of goods in a manner it deems reasonable, or to cancel any purchase order.

Liability
Seller, its contractors, authorized dealers and subcontractors or suppliers of any tier shall not be liable in contract, in tort (including negligence and/or strict liability) or otherwise for any special, indirect, incidental or consequential damages whatsoever, including, without limitations, damages or loss of other property or equipment, loss of profits or revenue or loss of use of equipment (including additional expenses incurred in using existing facilities). The remedies set forth herein are exclusive, and the liability of Seller with respect to any contract or anything done in connection therewith, such as the performance or breach thereof, or from the manufacture, sale, delivery, resale or use of any Product covered by or furnished under the order, whether in contract, in tort (including negligence and/or strict liability) or otherwise shall not exceed the price of the Product or part on which such liability is based.

Local Codes
Seller considers its product to be office furniture and subject to all applicable local fire, electrical and building codes. Since local codes may vary, the purchaser is responsible for the proper application and installation of AIS product in accordance with the requirements of these local codes. Engineering, research and testing have been conducted to have electrical components of AIS products conform to national electrical codes. Only Underwriters Laboratories (UL) tested and approved electrical components are used in electrical devices. See www.UL.com for complete UL listing information. In addition, all panels and components used by AIS have been UL approved. Seller shall not be responsible for any damages or expenses resulting from Purchaser's specifications not conforming to the requirements of the law or local building codes, unless it specifically agrees in writing to do so. Since Seller has no control over the use to which others may put its Products, each user or specifier should determine the Products' suitability for the particular application.

Limited Lifetime Warranty
This warranty is given to the initial purchaser and is valid for as long as the product is owned by the original Buyer. The warranty, which runs from the date of manufacture, covers defects in materials and craftsmanship found during normal usage of the products during the warranty period. If a product is defective, and if written notice of the defect is given to AIS within the applicable warranty period, AIS (at its option) will either repair or replace the defective product with a comparable component or product. The limited lifetime warranty applies to all products regardless of the numbers of shifts the product is used each day except as noted below.

Applicable Warranty Period	Products / Restrictions
Lifetime (as defined below)	All AIS branded products (except as noted below)
Ten (10) Years	Electrical products (including Height Adjustable Tables)
Five (5) Years	Moving parts, which include keyboard mechanisms, locks, suspensions, height adjustable table mechanisms, casters as well as all AIS fabrics / upholstery.
Five (5) Years	Calibrate Laminate Storage / Casegoods, Casegood cushions (with upholstery fabric)

This warranty does not apply to "normal wear and tear", damage caused by carrier, damage caused by transport of product from one site or location to another, alterations to the product not expressly authorized by Seller, and products considered to be of a consumable nature such as bulbs and light ballast. It also does not apply to "customer's own material" (i.e. material specified by Buyer that is not a standard AIS product offering) used in the manufacture of AIS products. A product will not be considered defective, and Seller will not be obligated to replace it, if the product is not installed properly or is used in a "non-standard" fashion as prescribed by AIS. It is at the sole discretion of AIS to make a determination if a defect is due to improper product installation.

This warranty is presented in lieu of all other warranties, express or implied, including, but not limited to, any implied warranties of merchantability of fitness for a particular purpose. The customers exclusive remedy with respect to any and all losses or damages resulting from any cause whatsoever shall be repair or replacement as specified above.

Seller (AIS) shall not be liable under any circumstances for consequential, economic, or incidental damages of any nature, including without limitation, damages for personal injury or damages to property, and however occasioned, whether alleged as resulting from breach of warranty or contract by AIS or negligence of AIS or otherwise.

International warranties may differ.

AIS Supported Specification Software
AIS provides (at no cost) symbols and data libraries for the following applications. Only Authorized AIS Dealers may purchase AIS products. AIS supported software libraries are:

20-20 GIZA
20-20 CAP
Project Matrix

Lead Time

See Lead Time Guide on DealerNet for current lead times.

Lead time does not include 24-hour order processing period.

Orders missing part numbers and corresponding required finish information are considered incomplete. These orders will not be processed until correct information is received.

Lead time begins 24 hours after receipt of complete and processable order as defined in the purchase order requirement section of this program.

Lead time for orders containing non-program items may vary. AIS Customer Service can assist in clarifying mixed order lead time.

Blended orders will have lead times assigned per items on actual order.

Divi Fast Track Permanent Monolithic Panel Availablity Details

Permanent Monolithic Panel Availability

Fabric Covered - Hard Surface - Powered/Non-Powered:
Nominal Heights:
42", 50", 66" (Actual Min. Height = Nominal - $1/_{16}$") - 1 $1/_2$" Leveling Glide Range

Widths:
24", 30", 36", 42", 48", 60" (Actual Width = Nominal + $1/_8$")

Fabric Covered - Tackable Surface - Powered/Non-Powered:

Nominal Heights:
50", 66" (Actual Min. Height = Nominal - $1/_{16}$") - 1 $1/_2$" Leveling Glide Range

Widths:
24", 30", 36", 42", 48", 60" (Actual Width = Nominal + $1/_8$")

Quarter Glass - Fabric Covered Hard Surface - Powered/Non-Powered:

Nominal Heights:
50", 66" (Actual Min. Height = Nominal - $1/_{16}$") - 1 $1/_2$" Leveling Glide Range

Widths:
24", 30", 36", 42", 48" (Actual Width = Nominal + $1/_8$")

Permanent Monolithic Panel Profile

Duplex outlets are ordered separately. Two outlets can be used per side, four total per panel. Outlets utilize top base cover holes.

Duplex outlet covers hide unused duplex outlet or data locations. Six are shipped with every panel. A 24"W gets three duplex outlet covers. Order extra as needed.

Snap-in data jack housing (order separately) accommodates six Hubbell or compatible data/voice jacks. Snap-in housings may not be used back to back on a spine wall.
Data cable raceway cavity is approximately 2" wide by 3" tall and can accommodate between 32 and 40 Cat 6 data cables, depending on how tightly they are packed.

Cat 5 and 6 data jacks extend beyond center line of raceway, preventing jack housings to be used back to back on a spine. Plan on using "cross corners" on panel to eliminate this issue.

Specify

• Paint Selection

Notes

• Post Fillers can be used to cover wires in the vertical cavities created when two or more panels are joined at 90° angles or simply as an aesthetic piece.

• 2-way, 3-way, and end or run fillers include a base shroud.

• Post fillers are not needed for panel connection, stability, or structural integrity.

• Specify the height which corresponds to the tallest panel in the configuration.

• Available painted only.

48	69	E-MW8W4PJ48E	382
60	81	E-MW8W4PJ60E	421

Notes

• Lateral Pass Through Jumpers pass through a non-powered panel to connect two powered panels.

• Specify the jumper that corresponds to the width of the panel to be passed through.
Notes

• Lateral Pass Through Jumpers pass through a non-powered panel to connect two powered panels.

• Specify the jumper that corresponds to the width of the panel to be passed through.

| PANEL-TO-PANEL JUMPERS			
L	Type	Model Number	List
18	Standard	E-MX8W4PTPC18	212
21	Extended	E-MX8W4PTPC21	222

Notes

• Panel-to-Panel Jumper connects any two adjacent powered panels connected in a straight line or at an angle.

• Order an Extended Panel-to-Panel Jumper to connect any two powered panels across the gap created by a 3-way or 4-way connection.

• 90º, 120º and 135º corners and straight panel-to-panel connections do not require an extended jumper.
DUPLEX OUTLETS

1	E-MW8W4T24DO1	90
2	E-MW8W4T24DO2	90
3	E-MW8W4T24DO3	90
4	E-MW8W4T24DO4	90

"Controlled" Symbol

Notes

- Duplex Outlets are available at designated circuits 1 through 4.
- Each duplex outlet contains two single receptacles (places to plug into) of the same circuit and are specified separately from powerways.
- All duplex outlets have black faces.
- The lettering on outlets for Circuit 1, 2 and 3 is white. The lettering on outlets for Circuit 4 is orange.
- Outlets are screw mounted to powerway.
- Duplex outlets are standard 15 amp outlets.

Notes

- In California, 50 percent of all outlets in a systems panel cluster or benching cluster, for new construction, MUST be controlled outlets, even if there is no task lighting.
- Customers should plan on using circuits 2 and 3 for controlled circuits, and plan general load for all other items on circuits 1 and 4.
- If using 2 + 2 configuration, controlled circuits should be 1 and 2, and general load circuits on 4 and 5.
- Outlets must have the "controlled" symbol for identification purposes.

DUPLEX OUTLET HOLE COVERS	
Model Number	List
E-UNWC	30
Notes

- Duplex Outlet Hole Covers are supplied with each powered panel to cover unused duplex outlet locations (six).
- 24"W panels only include three duplex outlet hole covers.
- Order extra hole covers separately only when required.

Base In-Feeds and Ceiling In-Feeds

SIDE MOUNTED BASE IN-FEEDS		
Length	**Model Number**	**List**
72	E-UN8W4BIFS	493
| NEW YORK CITY SIDE MOUNTED BASE IN-FEEDS		
Length	**Model Number**	**List**
72	E-HM8W4BIFSNY	980
Notes

• Side Mounted Base In-Feeds provide interface with building power at the base of the panel and mounts to powerway at jumper location.

• Each base in-feed is 6' in length, encased in "liquid tight".

• New York City code requires the use of a special base feed with an in-line junction box.

RECEPTACLE MOUNT BASE IN-FEEDS			
Length	**Hand**	**Model Number**	**List**
72	Left	E-UN8W4BIFL	529
72	Right	E-UN8W4BIFR	529

NEW YORK CITY RECEPTACLE MOUNT BASE IN-FEEDS			
Length	**Hand**	**Model Number**	**List**
72	Left	E-HM8W4BIFLNY	1,028
72	Right	E-HM8W4BIFRNY	1,028

Notes

• Receptacle Mounted Base In-Feeds provide interface with building power and mounts to powerway at duplex outlet location.

• Each base in-feed is 6' in length, encased in "liquid tight".

• Note: New York City code requires the use of a special base feed with an in-line junction box.
| CEILING IN-FEEDS		
Length	**Model Number**	**List**
144	E-UN8W4CIF	577

Notes

• Ceiling In-Feeds provide interface with building power from a suspended ceiling through a power pole shell.

• Each ceiling feed is 12' long.

• Power pole shells are ordered separately.

• Power/Data Pole Kits are sold and specified separately.

Data Plate Kits, Power/Data Pole Kits and Hardwire Junction Boxes

DATA PLATE KITS

| Item	Model Number	List
6 Port Data Gang Plate	E-DP6GFPB	35
CAT 5e Jack	E-HRJ45-SM	123
CAT 6 Data Jack	E-HXJ6BK-SM	134
Hole Blank (10PK)	E-SFBB10-SM	83
Notes

• Snap-In Data Housing Plate for Hubbell Premise™ has six ports.

• Housing is black and snaps into standard AIS DiVi duplex outlet holes, which measure 1.86" x 3.012".

• Note: RJ-45 jacks can be used in place of RJ-11 jacks.

DOUBLE CHANNEL POWER/DATA POLE KIT

| Model Number	List
A-PPDV	753
Specify

• Paint Selection

Notes

• Power/Data Pole Kit includes two 68" pole sections, two 68" covers, one pole coupler, two 68" dividers, four pole to panel mounting brackets, one ceiling shroud, one 72" perforated metal strip for attaching pole to ceiling grid, and mounting hardware.

• Order ceiling feeds separately.

• Designed for an 11' ceiling.

• For use at 2-way and 3-way locations only.

HARDWIRE JUNCTION BOX

| Model Number	List
E-DVJBCH	472
Notes

• Hardwire Junction Box allows standard, hard wired, single gang duplex outlets to be used in DiVi panels at each standard, modular duplex outlet location.

• Each outlet will require one junction box, and outlets cannot be placed back to back on a spine.

• Junction boxes do not include electrical connectors.

• Boxes are UL listed.

• Decora faced outlets cannot be used.

• Kit includes all hardware required to attach box to DiVi panel at duplex outlet location.

• Standard DiVi powered base covers are required. Order DiVi panels with standard powered base cover option.

• Boxes have standard 0.875" knockouts for electrical connectors.

• Kit includes one low profile metal face plate painted per specification.

• unction boxes can be used with either 15 amp or 20 amp single gang outlets.

• Box is 3"H x 1.524"W x 7"L.

Specify

- Paint Selection

Notes

- In-Line Power/Data Pole Retrofit Kit (1.619"d x 1.860"w) mounts to the top of post fillers which are already installed at 2-way, 3-way, or 4-way connections.
- Specify the height which corresponds to the tallest panel in the configuration.
- Available painted only.
- Does not include post filler.
- Designed for an 11' ceiling.
- Channel can accommodate 52 Cat 5 cables or 46 Cat 6 cables or 36 Cat 5 cables or 32 Cat 6 cables in tandem with a ceiling infeed.

**Notes**

- In-Line Power/Data Pole Divider is specified when electrical cables need to be segregated from data cables by a metal barrier.

Lowered   Raised

Notes

- 3-stage Day-to-Day Height Adjustbale Table Bases oallow for quick and easy adjustment of worksurface height.
- Available in black, satin white or metallic silver.
- Bases do not include worksurfaces.
- Adjusts from 21.54"H to 47.80"H (without surface).
- Tops should accommodate a 1 in (25mm) pinch clearance on all sides.
- Maximum worktop overhead allowed is 6" on one side.
- Weight capacity is 250lbs (incl. worksurface) for two leg and 350lbs (incl. work-surface) for three leg.
- Base width may be adjusted from 42"W to 72"W.
- 4 memory presets.
- Select tops to avoid cable shearing, prevent pinch points and collisions. Assure attached screens or monitor arms do not create unstable conditions.
- Local compliances should meet local requirements.

42" - 72"	30"	Metallic Silver	T-RB2L2S30	2,407
Notes

- 2-stage E Series Electric Height Adjustable Table Bases on Glides allow for quick and easy adjustment of worksurface height.
- Available in metallic silver.
- Bases do not include worksurfaces.
- Adjusts from 26.26"H to 45.94"H (without surface).
- Tops should accommodate a 1 in (25mm) pinch clearance on all sides.
- Maximum worktop overhead allowed is 6" on one side.
- Weight capacity is 250lbs (incl. worksurface).
- Base width may be adjusted from 42"W to 72"W. 4 memory presets. Select tops to avoid cable shearing, prevent pinch points and collisions. Assure attached screens or monitor arms do not create unstable conditions.
- Local compliances should meet local requirements.

Specify

- Paint Selection (+25 for Grade C)

Notes

- **Important:** A-Legs cannot be used as freestanding table support. One side must be anchored to a storage element or panel.
- A-Legs are constructed from 1 x 2 painted steel.
- Legs have 1 1/2" leveling glides.
- A-Leg welded construction allows for attachment to the worksurface.
- Ships installed with panel attachment brackets. Panel locking bracket for panel attachment situations ships separate.

PEDESTAL-TO-PANEL ATTACHMENT BRACKET	
Model Number	**List**
S-DVPMPB	238

Specify	**Notes**
• Paint Selection	• Pedestal-to-Panel Attachment Brackets attach structural pedestals to panels.
	• These brackets serve as a space filler and as a way to add stability to panels.
	• Pedestal to panel attachment brackets may only be used when the nominal surface depth matches the nominal pedestal depth (24" Deep surface & 24" deep pedestal or 30" deep surface and 30" deep pedestal).

| COMBINATION SUPPORT LEGS	
Model Number	**List**
WFS-LEG	408

Specify	**Notes**
• Style Selection - Black or Brushed Steel	• Combination Support Leg is available in black or brushed steel.
	• With a unique set of adapters, legs can be converted from standard peninsula legs to equal height mobile legs, extended mobile legs, nesting legs, or extended height legs.
	• Standard legs are sold in a kit with one 24 3/4" leg (black or brushed steel), one 2 11/16" extender and one 7/16" high glide with 1" of adjustment.
	• Standard legs can be converted to mobile legs and back with the same base leg unit.
	• Casters are ordered separately.
	• Extender, glide and caster are always black.
	• Legs ship disassembled and flat.

Cantilevers, Side Support/Rear Brackets, Flat Plates and U-Channels

STANDARD CANTILEVERS

Surface Depth	Actual Depth	Hand	Model Number	List
24	18	Left	WPS-UNCT24L	94
24	18	Right	WPS-UNCT24R	94
24	18	Pair	WPS-UNCT24P	182
30	25.5	Left	WPS-UNCT30L	182
30	25.5	Right	WPS-UNCT30R	182
30	25.5	Pair	WPS-UNCT30P	361

SHARED CANTILEVERS

| Surface Depth	Actual Depth	Hand	Model Number	List
24	18	Single	WPS-UNCT24S	135
24	18	Pair	WPS-UNCT24SP	266
30	25.5	Single	WPS-UNCT30S	266
30	25.5	Pair	WPS-UNCT30SP	534
Notes

· Standard Cantilevers provide cantilevered worksurface support from panel or wall track at either the left or right hand side of a worksurface.

· All worksurface support components fasten directly to worksurfaces with screws.

· Standard cantilevers may also be used as a center support.

· Cantilevers are painted black as a standard.

· It is highly recommended that flat plates are specified in conjunction with support cantilevers to splice two worksurfaces together at the front edge
Notes

· Shared Cantilevers provide cantilevered support from panel or wall track at the seam between two worksurfaces.

· All worksurface support components fasten directly to worksurfaces with screws.

· Shared Cantilevers are painted black as a standard.

· It is highly recommended that flat plates are specified in conjunction with support cantilevers to splice two worksurfaces together at the front edge.

SIDE SUPPORT / REAR BRACKETS

Hand	Model Number	List
Left	WPS-SSSAL	69
Right	WPS-SSSAR	69
Pair	WPS-SSSA	132

Left   Right

FLAT PLATES & U-CHANNELS

Item	Model Number	List
Flat Plate	WPS-FP	32
U-Channel	WPS-VC48	129

Notes

· Side Support / Rear Brackets provide direct support from panel or wall track along the short side of rectangular worksurface or at rear of corner worksurface.

· All worksurface support components fasten directly to worksurfaces with screws.

· Side Support / Rear Brackets are painted black as a standard.

· Available in black only.

Notes

· Flat Plate is used to splice two worksurfaces together at front edge.

· The 3.5" x 1.5" plate has four holes per side for superior adaptability and rigidity.

· It is recommended that flat plates are also specified at the front edge helping splice the two worksurfaces together.

· Flat Plates are painted black as a standard.

· U-Channel mounts to underside of longer worksurfaces to provide bracing where center support cantilever is not possible.

· All worksurface support components fasten directly to worksurfaces with screws.

· U-Channels are painted black as a standard.

Clip Screen Product Details

Note: AIS Screens are designed to be easily installed in most industry standard situations, however, it is the responsibility of the dealer to understand the installation methods required as well as limitations of the situation or product that you intend to install on.
Screen installation instructions can be found at : https://www.ais-inc.com/resources/installation-instructions

The following information only pertains to AIS product.

Clip Screen Product Details
1/4" Clear Glass   3/8" Clear Glass

- Available in 1/4" clear glass and 3/8" clear glass.
- Screens come with all necessary mounting hardware (clips, channel, feet, brackets, etc) at prices shown.
- Clip dimensions: 2 1/8" H , 2 1/3" W and 1 1/2" D.
- Screens mounted to surfaces will receive 2 clips for surfaces 24" – 54" wide, 3 clips for surfaces 60" – 72" wide and 4 clips for surfaces 78" – 84" wide.
- Surface Mount screens screw directly to top of panels.
- Divi specific Panel Top Screens can only be applied to Divi product. For Panel Top Screens that can be used with other systems, please see the Clear & PET Screens price list.
- Standard in Metallic Silver.

Glass Material

- AIS Glass is standard with polished edges and straight corners.
- AIS Glass is standard tempered glass with standard iron content. Request samples from literature center.
- Standard products for glass are always clear unless noted otherwise, other colors may be available upon special request (upcharges apply).
- Glass is easily cleaned with common janitorial supplies.
- 1/4" Glass weighs 2.88 lbs per square foot.
- 3/8" Glass weighs 4.32 lbs per square foot

- LED task lights are 1-1/4″ wide, and 3/8″ in thickness and come in 24 and 40 inch lengths.
- Brushed aluminum with black trim.
- Attachable to the underside of overhead cabinet via the built-in magnets, or mounted to non-metal surfaces using the adjustable mounting bracket.
- Feature 100 lm/w with warm white and white color temps and convenient one-touch On/Off and Touch-and-Hold dimmer.
- Power-in and power-switch are reversible.
- Power cord is 10' in length.

Notes

- Task Light Cord Managers engage to panel hanger frame slots.
- Managers are available in three heights: 3", 11" and 16".
- Use 16" to achieve a full height finished aesthetic for managing task light cords under full height shelves, flipper doors, or under half height shelves hung level with full height shelves on 65"/66"/67" high panels.
- Use 11" to achieve a full height finished aesthetic for managing task light cords under half height shelves on 50" high panels.
- Use 3" for managing cords above tackboards or double them up for any of the above situations when a full height manager is not required.
- Task Light cord managers are black only to match task light cords and are non-handed for use on either the left or right side of a panel.
- Hanger frames can accommodate only one task light cord manager and will not fit behind tackboards.
- Cord managers are painted black as standard.
