# 2023

## FROM US TO YOU

At School Specialty, we're committed to doing all we can to ensure every student in every school has what they need to succeed. That's why our dedicated team of experts works hard to bring together a selection of exciting and effective solutions in our annual Learning Environments catalog.

Be sure to share this catalog with others who might benefit from the ideas and inspiration inside and remember you can shop our full assortment any time at **Select.SchoolSpecialty.com**

Before you pass along this catalog, be sure to check out some exciting new offerings.

Find new products on pp. 2-3. Discover the advantages of working with School Specialty on p.6. Learn out about our expert design service, Projects by Design® on p.4. Get tips to maximize your budget on p.7. And find out how our Innovate360™ program can help you develop a custom selection of furniture and equipment to serve as your district's standards p.5.

You can also find these and even more solutions and inspiration online. Be sure to go to **Select.SchoolSpecialty.com** to see how we put the "more" in our promise to transform more than classrooms.

Sincerely,

 School Specialty®

## A partner every step of the way.

Projects By Design® is our turnkey service from complimentary design through installation and beyond. We can be your single source for products, design, and project management resulting in one P.O. for your entire project. Our team of Learning Environment Specialists and in-house Interior Designers can work with you to create comprehensive ecosystems that equip and inspire every student, from birth to grade 12. We've done this for thousands of school building projects over the past two decades and we'd love to do all of this for you.

### Discover

First, we partner with you to roadmap your school's construction, renovation, or modernization programs. From auditing your current space through helping gain alignment on budget and vision.

### Design

Next, we bring your product selections to life. We show you 2D and 3D color renderings, provide final price proposals detailed room-by-room, and work together to refine selections until stakeholder consensus is achieved.

### Deliver

To ensure on-time and on-budget delivery and installation, the School Specialty® team will supervise the entire post-award process, manage all logistical arrangements, and ensure a flawless installation.

### Develop

We offer a variety of professional development courses designed to help you get the most out of your learning environments. They're ready when you are – take as much time as you need, before or after installation.

For more information about School Specialty's Projects by Design service, contact your local School Specialty Representative or visit us here

## School Specialty. Innovate 360™

### The 360° support you need to create dynamic learning spaces

Do you have a new building project, existing classrooms in need of renewal, or the need to purchase instructionally appropriate furniture to supplement your current environments?

Do you want to create dynamic, engaging environments that enable today's varied educational programs while also allowing for future evolution?

Do you want an expert, local partner with you every step of the way? We will collaborate with you to help create your district's furniture and equipment standards – all designed to meet your unique needs.

Our program offers:

- High-quality furnishings designed specifically for the needs of education and selected to support your district's instructional practices
- Organized and presented in a way that makes it easy to find what you need
- A friction-free procurement process since every selection is already district-approved

**Let us customize the program you want to fit your needs. Contact your sales representative today.**

## Classroom Select® NeoRok® Height Adjustable Stool

Features your choice of three 360 degree swivel seat options, NeoRok® rubber seat, soft seat, or the premium soft seat plus; all providing optimal comfort. The rounded-base design allows high-energy students to focus as they rock and tilt in all directions. The sturdy, yet lightweight, polypropylene frame encourages proper posture and makes mobility and storage simple. Easy-press handle located under the seat top allows for a simple height adjustment. Assembled.

**2 Week Quickship** available in your choice of Cardinal (Red), Tangerine, Lime, Marine (Royal Blue), Imperial (Navy Blue), or Ebony (Black).

Designed to offer optimal seat motion

Featuring the NeoClass® ribless smooth back design

**Classroom Select® NeoMove® Smooth Back Elliptical Cantilever Movement Chair**

The ability to move in an environment is proven to enhance focus, concentration, and attentiveness. Bonded rubber shock mounts allow free mobility, providing optimum controlled motion. With the most innovative design, comfort, and durability, this chair is your solution to student movement. The smooth, sculptured shell design creates a contemporary look while enhancing ease of cleaning. Sleek shell secures to a sturdy, modern 3/4" x 1-3/8" elliptical 14-gauge steel frame available in chrome, black powdercoat, or titanium powdercoat. Offered in an A+ seat shell size that is wider and more accommodating. The waterfall seat edge and contoured back bring ergonomic comfort, while openings at the top and bottom of the shell boost airflow and provide easy portability. Assembled.

### Classroom Select® Inspo® Four Leg Chair

It's our most versatile classroom chair offering yet! The chair is meant to meet the needs of any classroom environment offering comfort, ease of movement, updated design, and ergonomics. The waterfall seat edge and contoured back bring ergonomic comfort, while an opening at the top provides easy portability. Hidden hardware adds simplicity and elegance to the design. The 20" A+ and 18" A+ options provide a wider, more accommodating seat size. The sleek 3/4" round tube frame in 15-gauge steel is reinforced with an inner 9/16" 17-gauge, steel tube that offers strength, durability, and stability while still looking modern and pleasing to the eye. Select from a chrome, black, or titanium powdercoat frame. Available in your choice of nylon, steel, felt, or rubber glides. Assembled.

### Classroom Select® Contemporary Four Leg Chair

Well-fitting, ergonomic chair with tubular steel frame is designed to offer upper back and lumbar support, with side-to-side flexibility that adjusts to a variety of body profiles. Available in various sizes, plus an extra wide A+ XL seat with a 30% larger surface area than the standard 18" chair. The unique design prevents shifting or leaning when stacked. The legs are 1-1/8" 18-gauge tubular steel (16-gauge for 18" A+ and 20" A+) and feature full nickel chrome or black powdercoat frame. Four self-leveling glide options. Powdercoat matching frame color available in smaller chair shell sizes. Optional field installed book basket available for 20" A+, 18" A+ and 18" chairs. Assembled. Please order a minimum of four chairs. **Quickship available in 10", 12", 14", 16", 18" and 18" A+ seat heights, with chrome frame, nylon glides and your choice of Marine (Royal Blue), Imperial (Navy Blue) or Ebony (Black) seat colors.**

Shown with the Classroom Select® Contemporary Cantilever Desk (pg. 50)

### Classroom Select® Contemporary Cantilever Chair

The Classroom Select® Contemporary Cantilever chair features the ergonomically designed one-piece soft plastic polypropylene Contemporary shell on a sturdy cantilever chair. A convenient handhold in the upper back allows for easy carrying. There are four strategically placed rubber bumpers on the underside of the seat to prevent marking when the chair is placed on a desk for classroom cleaning. Choose from a chrome or black powdercoat frame. Also available in A+ shell with a wider, more accommodating seat size. Select from your choice of nylon, steel, felt, or rubber glides. Assembled.

Featuring 15 contoured ribs for greater flexibility

Featuring the NeoClass ribless smooth back design

**Classroom Select® NeoClass® Smooth Back Sled Base Chair**

This distinctive polypropylene chair with a sturdy 3/4", 16-gauge tubular steel frame features a smooth back and subtle pattern that creates a contemporary look while enhancing ease of cleaning. The waterfall seat edge and contoured shape offers ergonomic support, and side-to-side flexibility, while two openings on the top and bottom of the shell boost airflow and allow easier portability. The sled base frame slides easily over any floor surface and comes in your choice of chrome or black powdercoat with felt glides. The 18" A+ and 20" A+ versions offer a wider, more accommodating seat size. Optional book basket available to be installed below chair. Assembled.

### Classroom Select® NeoClass® Sled Base Stacking Chair and Bistro Chair

The Sled Base Stacking Chair and Bistro Chair can be used in a multitude of settings. Choose from a standard 18" seat height or 30" bistro height option. The polypropylene molded seat and back provide optimal comfort and support. A convenient hand hold offers easy movement and stacking. Chrome steel frame is durable and lightweight. Rounded polyethylene glides will protect the floor. The standard sled based stacking chair glide can be used for ganging purposes. To make transporting even easier for the 18" chair only, try the Classroom Select® chair dolly, sold separately. Glides are removable for carpet use. Assembled.

**National Public Seating® Elephant Z-Stool**

The Elephant Z-Stool provides the perfect solution for the most demanding lab and art environments. Features a chrome-plated, 14-gauge tubular steel frame, and a lightweight, blow-molded seat that is contoured to fit the user. Stools are conveniently stackable (six units high) or hang with ease from tabletop surfaces, allowing for simple clean-up and storage. 22" and 24" stools include foot rests.

**National Public Seating® Kangaroo Stool**

Kangaroo Stool provides unique strength and function for your industrial seating demands, yet designed with beauty and grace in mind. This model includes the addition of arms, which enhances the stool, offering added support and comfort. Heavy duty 1-1/4 inch thick Polyurethane seat has a waterfall edge for plush comfort and functionality, and ribbed ventilation design allows air circulation while seated. Polyurethane material is resistant to chemicals and punctures, and cleans easily.

## CLASSROOM SELECT

PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS: UL COM/CGG UL 2818

PLEASE SPECIFY COLOR CHOICE

Refer to pages 60-61 for color options.

### Classroom Select® SimpleStack®

The SimpleStack® desk pairs perfectly with our Classroom Select® NeoClass® Sled Base Stacking Chair. Like the stacking chair, these desks can be used in a multitude of settings. Choose from 2 neutral gray panel color options, Slate or Nickel, that coordinate with your choice of any of our 22 polypropylene colors. We also offer a no modesty panel version. The lightly textured polypropylene molded top helps prevent scratches and is durable enough to withstand any classroom environment. Chrome steel frame is durable and lightweight. Available in your choice of nylon, steel, felt or rubber glides, which are also removable for easy transition on carpeted surfaces. Make transporting a breeze with the Classroom Select® SimpleStack® dolly, sold separately. Assembled.

Pairs with our Sled Base Stacking Chair. See Page 1310

### Classroom Select® NeoMove2® Chair

Our NeoMove2® chair's dynamic mobility and range of motion allow for quick transitioning from learning groups to lecture-based learning. The polypropylene seat swivels 360 degrees and offers a waterfall edge reducing pressure points and enhancing ergonomic comfort. The unique tablet arm has swivel capability to accommodate left and right-handed students with interval indexing movement to hold designated positions selected as the student moves the arm. Durable non-locking casters offer smooth movement and rotation. Generously sized 26" x 14" tablet top features a pencil holder. The titanium steel base design allows for easy open access to a generous bottom storage area and is accessorized with a water bottle holder. Available in a polypropylene over metal base. Assembled.

### Classroom Select® Inspo® Stacking Study Top A+ Desk

The Classroom Select® Inspo® Stack Desk features a unique shape design that pairs nicely with the Inspo® chair series and convenient stacking. The round 1-1/4" titanium frame features a height adjustable range of 22-1/2" to 31-1/2", with 2 locking casters and 2 nylon glides that allow for easy mobility, whether stacked or individually. Available with a generously sized 26" x 16", 5/8" thick desk top, with a high pressure laminate or markerboard surface, with your choice of a beige or titanium painted edge, 5 T-Mold colors, or 5 LockEdge® colors. The standard backpack hook keeps backpacks off the floor.

Featuring the NeoClass®  
ribless smooth back design

**Classroom Select® NeoClass® Smooth Back Four Leg Combination Desk**

Contemporary look and comfort are key elements to this polypropylene smooth-back chair mated to a generous desktop work surface and a 1-1/8", 12-gauge tubular frame. A waterfall edge and contoured back with openings at the top and bottom enhances ergonomic comfort and boosts airflow. Desks available in 18" x 24" or 20" x 26" hard plastic or high pressure laminate; laminate tops come with your choice of colored LockEdge®, T-Mold edge, or painted edge in beige or titanium. Frame comes in chrome or black powdercoat, 18" seat height, and additional A+ shell option that offers a wider seat shell. Optional field installed book baskets available. Assembled.

**Please order in carton quantities of two.**

PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS: UL 2818 GREENGUARD GOLD

### Classroom Select® NeoClass® Smooth Back Sled Base Combination Desk

Some environments require stability and flexibility while still providing an ample work surface. That's where this fresh, static-free polypropylene chair shell with a generous desktop and 1-1/8", 12-gauge tubular frame comes in. The waterfall seat edge and contoured back can support the user while still flexing from side to side. Openings at the top and bottom of the shell boost airflow, further enhancing comfort and boosting focus while also making the desk easy to transport. Desktops available in 18" x 24" or 20" x 26" hard plastic or high pressure laminate; laminate tops come with your choice of colored LockEdge®, T-Mold edge, or painted edge in beige or titanium. 18" seat height, and additional A+ shell option offer a wider seat shell. Sled base frame is available in chrome or a black powder coat with optional felt glides. Assembled. **Please order in carton quantities of two.**

### Classroom Select® Contemporary Sled Base Combination Desk

With the well-fitting ergonomic Contemporary soft plastic chair shell and a tubular steel frame, this sled base combination desk offers the strength and durability needed in today's classroom. The sled base frame slides effortlessly on carpet for easy mobility and reconfiguration, and allows entry from either side. Desktops available in either hard plastic or high pressure laminate; laminate tops come with your choice of colored LockEdge®, T-Mold edge, or painted edge in beige or titanium. Choose between an 18" x 24" or a larger 20" x 26" top, as well as an 18" chair shell, or an 18" A+ size featuring a 30% larger surface area than the standard 18". Optional field installable wire book racks are available. Assembled. **Please order in carton quantities of two.**

**Classroom Select® Traditional Desks**

Classroom Select® Traditional Desks are perfect for any learning environment. Durable desktops are available in 5/8-inch MDF laminate with natural urethane painted edge, black T-Mold edge, or black LockEdge® that adds an appealing textured look and durability. Choose from an expansive selection of solids, patterns and markerboard laminate colors. Optional black metal book box is available only on the 20 x 30 inch as a separate purchase. Choose from 15" to 25" or 22" to 30" adjustable leg available in black only. Recommended to use 16" or smaller size chair for the 20 x 26 top with NeoClass® Elliptical and Apollo® Legs.

**Classroom Select® NeoShape® Shaped Desks**

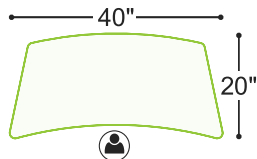

These shaped desks have a laminate or markerboard top and are perfect for collaborative interaction, encouraging student creativity and learning. Desks can be arranged in various configurations for shared connectivity, flexibility, and mobility. Desks with T-Mold edge are made of 1-1/8" particleboard core, and LockEdge® is made of 1-1/8" MDF core with high pressure laminate top, and phenolic resin backer. New premium elliptical leg adjusts from 15" to 24" or 22" to 30". T-Mold edge, top leg color will match the selected edge color. LockEdge®, top leg color will be black. Backed by a limited lifetime warranty.

Hard Plastic Top with Casters

Laminate with LockEdge® without Casters

### Classroom Select® NeoMove® Collaboration Desk

The Classroom Select® NeoMove® Collaboration Desk features a unique shape design capable of adapting into a variety of collaborative groupings. With round, 1-1/4" legs that are adjustable from 22" to 30" height, and two optional locking casters for easy reconfiguration, the NeoMove® assembled desk presents the perfect solution for today's constantly evolving classroom. Available with a high pressure laminate surface and painted edge, or sprayed polyurethane colored LockEdge® for added cleanliness and durability, as well as a 5/8" thick high-impact, solid plastic that has been molded into a homogeneous unit by heat and pressure, or markerboard top. Available with your choice of a pass-through wire book rack, pass-through perforated book box, pass-through full metal book box, or 3 sided book box. Please select bookrack or book box option when ordering.

List Price \$6.65

**Why Five?**

Research shows that five is the optimum group size for collaborative learning. NeoMove® Desks can easily be arranged into groups of five.

Refer to pages 60-61 for color options.

PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS: UL.COM/CSG UL-2818

**Gem with Tote Rail**

**MiniGem**

**Triangle with Book Box**

**Rectangle with Backpack Hook**

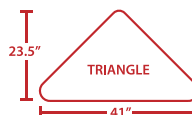

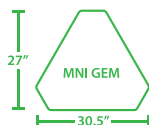

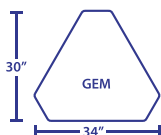

Desk shown with optional tote rails that are compatible with storage totes. See pages 253-256 for storage options

**Classroom Select® Concord Desk**

Bring students together with the Classroom Select® Concord Desk. Collaborative work environments are made simple with four different shape options. Select from the Gem or Mini-Gem shape for groupings of up to six, the Triangle shape for groups of four, or get creative with the traditional 27" x 20" Rectangle shape. Select from the study top desk with a 14-gauge steel frame or add the optional tote rails that accommodate storage trays (sold separately). Also available as an open front desk featuring an 18-gauge welded steel book box. Select from a vinyl T-Mold edge on a 1-1/8" particle board core or sprayed on colored LockEdge® for added durability on a 1-1/8" MDF core. Adjustable leg height from 22" to 32" on 1" increments. Add mobility to your classroom with 3" locking casters, sold separately.

**Classroom Select® Contemporary Collaboration Fixed Height Desk**

Classroom Select® Contemporary Collaboration Fixed Height Desks create an ideal learning environment for collaboration and flexibility. The unique design helps create a classroom that can be grouped together or worked individually. Desks are available in either hard plastic or laminate; laminate tops come with your choice of colored LockEdge®, T-Mold edge, or painted edge in beige or titanium. Features a full nickel chrome frame finish in 30" fixed height. Select from an optional chrome wire book rack or black metal book box to accommodate all storage needs. Available with or without 2 lockable casters. **Quickship available, without book rack or book box and without casters in the following top color options: Gray Nebula, Fusion Maple, Bannister Oak or Nepal Teak for laminate. Light Gray, Beach (Beige) or Sugar Maple for Hard Plastic.**

Two Student Desk 60" x 24"

Optional Technology Basket sold separately

Single Student Desk

**Classroom Select® Advocate Series® Four Leg Desk**

The perfect solution for a conventional classroom environment. The Advocate Series® Four Leg Desk allows you to choose from 4 top size options to accommodate independent learning or multi-student collaboration. Solid 1" 14-gauge square tube steel legs adjust from 24"-34" adding durability to any elementary through high school setting. Frame features an integrated back pack hook on both sides. Vinyl T-Mold edge is available on 1-1/8" particleboard. Colored LockEdge® is a sprayed on polyurethane edge on a 1-1/8" MDF top, providing increased durability. Available with a metal book box or wire book rack, or sliding tote rails that will fit the Geode Series® Storage tote trays, sold separately. Purchase the Classroom Select® Technology Basket for a simple storage solution for up to 14" laptops or tablets, sold separately.

### Classroom Select® Advocate Series® Pedestal Leg Desk

Put your students front and center with the Classroom Select® Advocate Series® Four Leg/Pedestal Leg Desk. Choose from single-student or two-student units offered in four top size options to best fit your space. 4 durable 14-gauge steel legs or 4 15-gauge steel pedestal legs attached to a 10-gauge steel mounting plate provide a sturdy work surface for maximum student engagement. 4 Legs adjust from 24" to 34" height range, on 1" increments. Vinyl T-Mold edge is available on 1-1/8" particleboard. Colored LockEdge® is a sprayed on polyurethane edge on a 1-1/8" MDF top, providing increased durability. Compatible with 3" tote trays, sold separately. Purchase the Classroom Select® Technology Basket in black or titanium for a simple storage solution for up to 14" laptops or tablets, sold separately.

### Classroom Select® Contemporary Elliptical Lift Lid Desk

The Classroom Select® Contemporary Elliptical Lift Lid Desk features a 24" x 18" top on a 19-gauge, 5 1/2" deep metal book box with 16-gauge side panels. A direct access pencil tray allows for quick access without opening, and a no-pinch front lift lid design protects fingers from being pinched when closed. The all welded frame and legs consist of two 2" x 1-1/4", 13-gauge upright oval steel tubes with two 2" x 1-1/4", 13-gauge cross tube welded to mid section of leg assembly to provide strength and stability. Adjustable legs range from 22" to 30" in height. Desktops available in either hard plastic or high pressure laminate; laminate tops come with your choice of colored LockEdge®, T-Mold edge, or painted edge in beige or titanium. Assembled.

### Classroom Select® Contemporary Open Front Desk

The Classroom Select® Contemporary Open Front Desk features an attractive polypropylene book box for structural reliability. Available with an 24" x 18" and 26" x 20" A+ hard plastic top or an 24" x 18" and 26" x 20" A+ laminate top that has a 3/16" thick MDF core surfaced with a high-pressure laminate and a phenolic paper backer to minimize warping. The edges are sealed with polyurethane. The frame has 18-gauge steel black powdercoated uppers with 16-gauge full chrome inserts which are adjustable at 1" intervals from 22" to 31" or 22" to 33" for the larger A+ size. The inserts are securely attached with a locking system that prevents the legs from being removed and feature self-leveling glides. **Please order in carton quantities of 2.** \*The Traditional Series A+ size chairs are compatible with the 26" x 20" A+ size desk only.

**Quickship available with black book box and your choice of the following top color options: Gray Nebula, Fusion Maple, Bannister Oak or Nepal Teak for laminate. Light Gray, Beach (Beige) or Sugar Maple for Hard Plastic.**

**CLASSROOM SELECT**

Shown with optional Patented Fidget Pedal

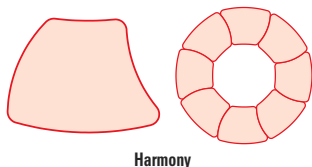

Shown without Tilt-N-Nest®, with Book Box

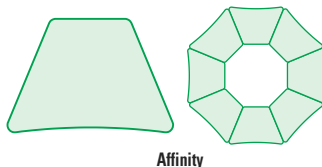

**Classroom Select® 30 Inch Fixed Height Desk**

The Classroom Select® 30 inch Fixed Height Desk is an easy to move desk that is perfect for the 21st century learning environment. The Tilt-N-Nest® model includes a simple lever release that allows the top to be folded down, with the desk then nestable for easy storage. The collaborative design with two casters, four stabilizing glides, and desktops that group together, allow students to work together in pods no matter the classroom set-up. The tabletop is made of 1-1/8" particleboard core with a high pressure laminate top and T-Mold edge. Available to order with a unique adjustable fidget pedal which promotes natural movement and enhances student focus which can be used sitting or standing. Desks with fidget pedal do not nest. Fixed height desks without the Tilt-N-Nest® feature are offered with a book box for added storage. Assembled.

### Classroom Select® Height Adjustable Sit/Stand Desk

The Classroom Select® Height Adjustable Sit/Stand Desk is an easy to move adjustable height desk that is perfect for the 21st century learning environment. The Tilt-N-Nest® model includes a simple lever release that allows the top to be folded down, with the desk then nestable for easy storage. The collaborative design with two casters, four stabilizing glides, and desktops that group together allow students to work together in pods in any classroom set-up. The height adjusts with an easy-squeeze lever that is located just under the desktop edge. Desktop height ranges from 27" to 44-1/4". Tabletop is made of 1-1/8" particleboard core with high pressure laminate top and T-Mold edge or LockEdge®. Available to order with a unique adjustable fidget pedal which promotes natural movement and enhances student focus which can be used sitting or standing. Desks with fidget pedal do not nest. Height Adjustable Sit/Stand Desks without the Tilt-N-Nest® feature are offered with a book box for added storage.

Laminate with T-Mold

Laminate with LockEdge

**Classroom Select® Selective Tilt Podium**

The Classroom Select® Selective Tilt Podium is perfect for classroom use, for teachers and students alike. The easy height adjustment lever raises the podium from 29 to 44-1/2". Easily flip the podium top down with the tilt mechanism, to the user's preference. A built-in paper stop will insure your presentation notes stay in place. The table top tilts down into place and can be easily nested with other tables for safe compact storage. Durable heavy-duty steel column and base with 60mm locking casters allow smooth transitions. 26" W x 20" D top size in your choice of 32 laminate colors including markerboard top, in LockEdge® or T-Mold edge band. Base available in black powdercoat.

### Classroom Select® Royal Seating® 1600 Study Top Desk

Wide opening offers more leg room and accommodates oversized chairs. Frame is 1-1/8", 18-gauge steel, welded to 3/4", 18-gauge steel braces and connects directly to an 24" x 18", 26" x 20" A+, or 36" x 20" ADA compliant desktop for optimum support. Available with an optional wire book rack constructed of 4-gauge wire finished in rust resistant black finish. Tops available in either hard plastic or high pressure laminate; laminate tops come with your choice of colored LockEdge®, T-Mold edge, or painted edge in beige or titanium. Black frame, chrome-plated 1" 18-gauge tubular steel leg inserts adjust in 1" intervals from 22-1/2" to 31-1/2", 22-1/2" to 33-1/2" for the larger A+ size, and 28" to 34" for the ADA compliant sizes. On desks without a book rack, add the optional Classroom Select® Technology Basket as a simple storage solution for up to 14" laptops or tablets. Nylon leveling glides reduce noise. **Please order in carton quantities of 2. Quickship available without book rack in your choice of the following top color options: Gray Nebula, Fusion Maple, Bannister Oak or Nepal Teak for laminate with T-Mold. Light Gray, Beach (Beige) or Sugar Maple for Hard Plastic.**

The desk features a unique fidget pedal.

### Classroom Select® Royal 1600 Switch® Sit or Stand Desk with Fidget Pedal

This is a height-adjustable desk that provides endless benefits to any classroom setting. The top size is 26" x 20" with your choice of material. The height adjusts from 26" to 42" allowing the desk to be used for sitting or standing. Our patented fidget pedal promotes natural movement and enhances student focus. The heavy-duty receiving frame comes in a black finish with a chrome adjustable steel leg base frame for stability. All laminate tops feature your choice of T-Mold edge or LockEdge® colors. Choose from a black metal book box or black wire book rack.

**Classroom Select® Standing Height Advocate Series® Desk**

Facilitate an active learning environment with the Classroom Select® Standing Height Advocate Series® Desk. The durable 15-gauge steel pedestal legs attached to a 10-gauge steel mounting plate provide a sturdy 20" x 26" rectangle work surface for maximum student engagement. Legs adjust from 33"-42" standing height range, on 1" increments. Vinyl T-Mold edge is available on 1-1/8" particleboard. Colored LockEdge® is a sprayed on polyurethane edge on a 1-1/8" MDF top, providing increased durability. Available with a titanium metal book box or chrome wire book rack, or the sliding tote rails that will fit the Geode Series® Storage tote trays, sold separately. Purchase the Classroom Select® black or titanium Technology Basket for a simple storage solution for up to 14" laptops or tablets.

# SAFCO®

## SAFCO® AlphaBetter® 2.0

Encourage healthy movement and provide convenient storage with the AlphaBetter® 2.0 height-adjustable student desk that features a high-pressure laminate top – available in gray or dry-erase markerboard – and under-surface book box. A pendulum footrest allows students to redirect excess energy and continue to move, even as they sit – providing ergonomic support, increasing comfort, and promoting cardiovascular health. Desks adjust from 22-30" or 29-43" with optional book box right beneath the desktop. All 29-43" desks accommodate students in 5th grade and up at seated and standing heights.

## Correll Adjustable Height Standing Workstation

Versatile adjustable height desks feature sturdy steel frames and 1-1/4 Inch thick high pressure laminate tops, built with commercial grade quality. Use these standing height desks in schools, offices, warehouses and hospitals. Large, easy to use knobs and tamper resistant set screws allow for fast and secure height adjustment. Standing desks adjust 34 to 42 Inches high without casters. Optional casters are available.

**Wood Grain Laminate Colors**

If surfaces are dirty, they can be cleaned using a detergent or soap and water prior to disinfection. For disinfection, most common EPA-registered household disinfectants should be effective. Follow manufacturer's instructions for all cleaning and disinfection products for concentration, application method and contact time, etc.. Additionally, diluted household bleach solutions (at least 1000ppm sodium hypochlorite) can be used if appropriate for the surface.

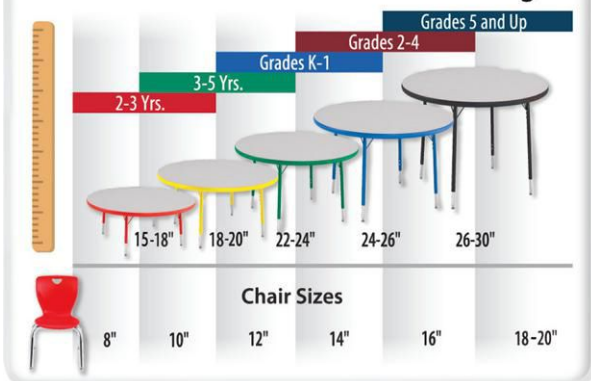

Above laminates available in a premium antimicrobial finish per special order request

**Classroom Select® Activity Tables with Power**

Our most popular classroom table, now offered with power, comes in a variety of shapes and sizes to suit any room. Available in a wide variety of high pressure laminate top options or markerboard top, and your choice of vinyl T-Mold edge banding or colored textured LockEdge® for added durability. T-Mold tables have a 1-1/8" particleboard core, LockEdge® Tables have a 1-1/8" MDF core. Tables 60" or longer have a 20-gauge galvanized steel stretcher bar permanently attached to the underside to prevent sagging. Tables are height adjustable on 1" centers. Available with an optional black metal book box, approximately 15" W x 11" D x 4-1/2" H, sold separately. Also add the Technology Basket as a simple storage solution for up to 14" laptops or tablets, sold separately. Various caster options available upon special request.

**Classroom Select® NeoLink® Media Wall with Table**

The Media Wall is an effective and smart solution for virtually any space. Designed for STEM classrooms, lounge areas and collaborative learning spaces, the table is 60" W x 38" D and the wall frame is 66" tall. The pedestal base consists of a 4" diameter 16-gauge steel tube column welded to a fixed mounting plate with a round base. Included with the Media Wall is a flat panel display mount for panels ranging in size from 42" to 61" and up to a 125 lbs. The mount is 36-3/8" W x 6" D x 21-5/16" H with a 10-degree tilt in either direction. Choose from our newly expanded fabric options for the wall. Available with and without power. The base is a platinum color. Choose from three laminate color options.

**Classroom Select® NeoShape® Activity Table with Standard Legs**

Activity table shapes are ideal for collaborative group activities and can be arranged in various configurations for shared connectivity. Tables with T-Mold edge are made of 1-1/8" particleboard core, and LockEdge® are made of 1-1/8" MDF core with high pressure laminate top, and phenolic resin backer. Constructed with a galvanized steel stretcher bar attached underneath for extra stability. The legs are available in 15" to 25" or 22" to 30" adjustable height ranges.

**Classroom Select® T-Mold Activity Table with NeoClass® Legs**

These traditional shape tables are perfect for collaborative interaction, encouraging student creativity and learning. Tables with T-Mold edge are made of 1-1/8" particleboard core and are constructed with a galvanized steel stretcher bar attached underneath for extra stability. Premium elliptical leg adjusts the top height from 15" to 25", 22" to 30" or 30" to 43". Select from laminate or markerboard top options. An optional book box, approximately 15" W x 11" D x 4-1/2" H, sold separately. Also available is the technology basket for storage of up to 14" laptops or tablets, sold separately. **Quickship available for indicated shapes and sizes in the following laminates: Bannister Oak, Gray Nebula, Fusion Maple, Nepal Teak, Royal Blue, or Markerboard with Black or Titanium T-Mold edge in your choice of any leg height and color.**

**Choose your Premium Elliptical Surface Height Option**

- Adjusts from 15" to 25" or
- Adjusts from 22" to 30" or
- Adjusts from 30" to 43"

Add caster leg inserts to make your table mobile

PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS. UL.COM/IGG UL 2818

**Classroom Select® LockEdge® Activity Table with NeoClass® Legs**

These traditional shape tables are perfect for collaborative interaction, encouraging student creativity and learning. Tables with T-Mold edge are made of 1-1/8" particleboard core, and LockEdge® are made of 1-1/8" MDF core and phenolic resin backer. Select from a variety of high pressure laminate top options or markerboard top. Constructed with a galvanized steel stretcher bar attached underneath for extra stability. Premium elliptical NeoClass® leg adjusts the top height from 15" to 25", 22" to 30" or 30" to 43" and come standard with nylon glides. An optional book box, approximately 15" W x 11" D x 4-1/2" H, sold separately. Also add the technology basket as a simple storage solution for up to 14" laptops or tablets, sold separately. Locking casters sold separately. **Quickship available for indicated shapes and sizes in the following laminates: Bannister Oak, Gray Nebula, Fusion Maple, Nepal Teak, Royal Blue, or Markerboard with Black LockEdge® in your choice of any leg height and color.**

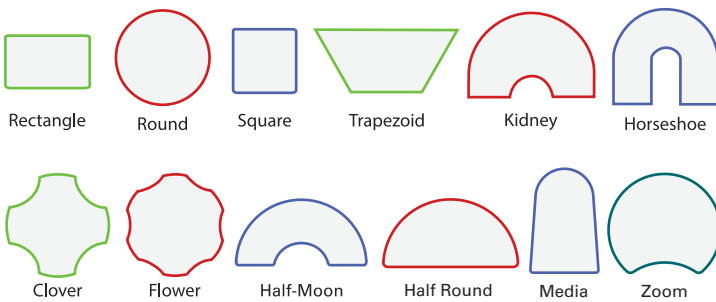

Optional Technology Basket sold separately

Tote Rail without Tote

Features 2" round,  
17-gauge steel Apollo® legs

**Classroom Select® Activity Table with Apollo® Legs**

Combining contemporary looks, functionality, and flexibility creates an ideal learning environment for student collaboration and interaction. Featuring the Apollo® leg, designed with 2" round, 17-gauge steel, available in 11" to 17", 15" to 25", and 22" to 30" adjustable height ranges and a variety of colors. Table legs come standard with nylon glides. Table tops are constructed from a 1-1/8" particleboard core with a high pressure laminate surface. Tables 60" or longer have a 20-gauge steel stretcher bar underneath the top for added structural strength to prevent sagging. A quick-set leg system offers easy installation and assembly. Available with an optional black metal book box, approximately 15" W x 11" D x 4-1/2" H, sold separately. Also add the Classroom Select® Technology Basket for a simple storage solution for up to 14" laptops or tablets. Easy to install tote rail system available for your storage needs. Locking caster options available.

**Quickship available for indicated shapes and sizes in laminate colors of Bannister Oak, Gray Nebula, Fusion Maple, Nepal Teak, Royal Blue, or Markerboard with Black or Titanium T-Mold edge, or Black LockEdge® in your choice of any leg height and color.**

**24-hr Quickship** available for items 1496659, 1496663 and 1496678 with Gray Nebula or Bannister Oak Tops and Black T-mold edge, in your choice of any leg height and color. Quantities not to exceed 10 each. Applies to orders containing 24 hr quickship items only.

**Half-Moon**

**Rectangle with  
Markerboard Top**

**Tote Rail with Tote**

**Classroom Select® Activity Table with Standard Legs**

Cafeterias, libraries, and meeting rooms all require tables in different sizes, colors, shapes, and heights. Classroom Select® provides high quality activity tables to meet your needs, backed by a limited lifetime warranty because we use only the highest quality, tested, and approved components. Available in 15" to 25" and 22" to 30" adjustable-height ranges. Select from T-Mold edge, or LockEdge® for added durability. T-Mold tabletops are constructed from a 1-1/8" solid core, and LockEdge® tabletops are made from a 1-1/8" MDF core. Available in a variety of high pressure laminate tops and markerboard. An optional black metal book box, approximately 15W x 11D, 4-1/2" H, sold separately. Additional optional accessories, including clamp mount power module, tote rail storage, and a technology basket, sold separately.

**Quickship available for indicated shapes and sizes in Bannister Oak, Gray Nebula, or Royal Blue laminate with black edge / leg uppers, in your choice of 22"-30" or 15"-24" leg height.**

**Classroom Select® Vigor® T-Mold Utility Table**

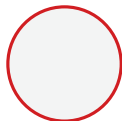

This versatile heavy-duty utility table is perfect for project learning environments; especially STEAM/STEM, Art, Science, and Robotic classrooms. Tables with T-Mold edge band are made of 1-1/8" particleboard core. Choose from 14-gauge 2" square legs or 2" round legs both adjustable from 29" to 42" height and standard with a nylon glide. The durable unitized frame is black powdercoat with a solid steel apron providing the ultimate strength and support for any project. Optional locking casters available on request.

### Classroom Select® Construct-IT® Makerspace Utility Project Center

The perfect companion to the Geode Series® storage cabinets, the Construct-IT® is built like a rock with a durable steel frame and side panels available in 11 vibrant color options to make any room shine. Super heavy-duty, 4-inch zinc alloy casters, 2 locking and 2 non-locking, provide smooth and reliable transportation. Side panels feature rows of peg board perforation for increased storage potential. **Durable steel shelving units can be purchased as an accessory for added storage space.** Table tops are offered in a variety of sizes to fit any of your work area needs as well as laminate, markerboard, and butcher block options. Our uniquely engineered frames are height adjustable from 29" to 42" in 1" increments allowing you to choose a sitting or standing worksurface.

### Classroom Select® Height Adjustable Tilt-N-Nest® Computer Table

The Classroom Select® Height Adjustable Tilt-N-Nest® Computer Table has a sleek T-leg design and offers flexibility for every classroom. Tables adjust from 29" to 37", on 1" increments, which easily accommodates a range of ages. Tilt the tops to use as an easel and add markerboard to create a presentation space for students or instruction for teachers. Tops adjust with a simple one-handed lever mechanism providing convenient transport and nesting for compact storage. Mobility is a breeze with standard, dual-wheel, non-marring locking casters. The frame is made of strong 14-gauge steel legs that attach to 11-gauge feet, providing ultimate stability. Vinyl T-Mold edge is available on 1-1/8" particleboard. LockEdge® is a spray on polyurethane edge available on a 1-1/8" MDF top.

**Classroom Select® Pedestal Leg Activity Table**

In today's environment collaboration and versatility is a must! Our Pedestal Leg Activity Table provides both. Work in an individual or small group setting and even combine tables to create a larger collaborative environment. With sturdy 22" to 30" adjustable height pedestal legs, made with all rectangular 16-gauge steel tubing, these tables are designed for dependability. Choose your top and choose your edge to create a table that works for your unique environment. Don't forget to add the book box! The black metal book box measures approximately 15" W x 11" D x 4-1/2" H, and is sold separately.

- **Laminate Top** – High pressure laminate tabletops have a 1-1/8" solid core with a phenolic resin backer, choose a top color. Available in Rectangle or Trapezoid top shapes.
- **Markerboard Top** – High pressure markerboard laminate tabletops have a 1-1/8" solid core with a phenolic resin backer. Available in white markerboard, rectangle or trapezoid top shapes.
- **T-Mold Edge** – Smooth durable edge, choose an edge color.
- **LockEdge®** – Textured durable edge, available in 5 colors.
- **Leg** – Choose a glide or 2-1/2" caster leg. Caster leg adjustable height is 24-3/4" to 32-3/4" with caster.

# LUXOR

## Luxor Adjustable Flip-Top Table with Crank Handle

This flip-top table is a multipurpose sit/stand desk that's perfect for schools, training rooms, or general office use. The convenient crank handle adjusts the table height from 30" to 42-1/4" to accommodate a range of seated or standing users, while 3" locking casters allow easy mobility. Adding to its versatility, each table can be neatly folded for space-saving storage using two pull-handles that flip the table into a nesting position. Choose the 60" or 72" mobile flipper table to create a professional and ergonomic work space.

- Grommet holes route, network, and organize cables
- Easy set-up and teardown with release latches under table
- Multiple tables nest together for simple storage

## Diversified Woodcrafts Laminate Colors

Art Bench

projects by design™

## Diversified Spaces™ Art and Planning Table

Designed to be used in most any environment from art and general planning to sewing and model construction. The base is constructed of two tapered solid maple pedestal style panel legs and two solid maple truss bars. The unique way the top is attached prevents the table from racking or rocking. The table is finished with an earth-friendly UV finish. Choose from a 1-3/4" solid maple top or 1-1/4" plastic laminate with a 3mm PVC edging in your choice of almond or birch color.

**Skutt EnviroVent™ 2**

The EnviroVent 2 creates a down draft effect which improves kiln temperature and uniformity. Wall-mounted design keeps the fan motor cool, eliminates vibration, and creates a negative pressure system to remove the fumes before they enter the room. Installs easily on all 8-sided and larger Skutt kilns. UL listed.

# CHILDCRAFT®

A School Specialty Exclusive

PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS: UL/COM/IGG UL 2818

Double Adjustable Easel with Drying Rack

See-View Easel with Drying Rack

## Childcraft® Double Adjustable Easel

Easel features solid-maple frame with two adjustable easel panels in dry-erase or clear options. Includes cross rails for extra stability, locking metal stay arms to hold the easel open, non-skid rubber feet, four large clips, and two removable paint trays that hold up to ten paint cups. Easel stands 44-1/2" when open. Each panel measures 23-3/4"W x 27-7/8"H and can be adjusted individually at any increment from 39-3/8" to 48-1/2". Tray height will vary from 15-3/4" to 25-1/8". Assembly required. Hardware and instructions included.

## Childcraft® Adjustable Mobile Art Easel

Mobile easel includes two easy-access storage shelves and easy-to-clean, adjustable dry-erase panels on each side for tray heights between 15-3/8" and 23"H from the floor. Two paint trays are removable for easy cleaning. Heavy-duty dual-wheel locking casters. Assembled, except for blue trays.

9-408117-670	20-1/8 W x 12-7/8 D x 29-1/4 H in	\$266.95

### Saturn Rack Tensor-18™

Perfect for commercial shops, educational and institutional use, Saturn's re-engineered Tensor-18 combines both economy and mobility. The Tensor-18 is re-engineered with features including clean power coated shelves, thicker gauge steel wire shelves, newly sized mesh to better hold small parts, backstop wires to catch items that may fall behind the unit, a retaining strip to hold shelves in place and larger bumpers for additional shelf support. The Saturn Tensor-18's versatile rack features deep trays - 18 x 24 inches, and solid steel construction with two rubber tray bumpers, allowing for sufficient space for airflow between the shelves. The Saturn Tensor-18 also has a positive locking mechanism: Original TrayLock, which holds the rack firmly in place after it is lifted up to adjust or move substrates. The Tensor-18's four casters swivel with ease and its mobility makes it invaluable in organizing under the most restrictive classroom configurations.

### National Public Seating® Melody Music Chair and Stand

The Melody Chair meets the unique demands of the musical performance equipment. It has a band pitch style seat to back angle of 97 degrees allowing for maximum breathing capability. The optional tablet arm adjusts to 4 positions: writing, upright, entry, and behind. The optional Melody chair dolly stacks up to 18 chairs. Also available is this durable music stand made with strong 22-gauge aluminum and has rolled steel edges to protect instruments and preserve the stand. Whisper glides prevent noise and floor scratching. No tools necessary for assembly. It is coated with a black textured finish that resists scratches and chipping. The stand vertically adjusts from 24" to 46" (lip to floor), and the surface desk features tension tilt. The optional music stand dolly is available in either a 10 or 20 capacity model.

### National Public Seating® Portable Stage and Seated Riser Accessories

The NPS Stage steps are made of high-grade plywood edged in vinyl t-molding, Polypropylene textured gray surface and handrails prevent users from slipping. The black frame is built with 14-gauge steel tubing, rolls on two wheels for easy setup, and clamps securely to the stage at any point. Choose one of three convenient heights to match 16", 24" and 32" stage setups. The guardrails are black in color, and available in different sizes. Recommended while using any of our stages or risers to ensure safety. Skirting is available in Box or Shirred pleat styles and comes in various sizes and colors to complete your look. Skirting includes mating hook and loop. The stage dolly is built with 14-gauge tubular steel on four 5" casters that allow you to store and transport up to six 36" or 48" stage sections safely and conveniently.

ADA ramps available.  
Call your territory manager.

National Public Seating® Portable Stages and Seated Riser

Whether your venue requires single height portable stages, multiple levels, or entire stage configurations, National Public Seating offers affordable prices, quick ship and superior craftsmanship to provide you with the best value. Built with 16-gauge steel frames and premium grade plywood core, these carpeted or hardboard stages are durable and portable. Legs are made with 14-gauge tubular steel and outfitted with spring-loaded easy to open and close support brackets, for quick set-up and safe use. Portable Stages/Seated Riser configurations in ring, oval, or bow styles are put together using multiple stage sets and pie-shaped units. Each unit is available in 36" or 48" wide, with multiple height options. Accessories sold separately.

NPS Transport Riser - Flip Open and Set up!!

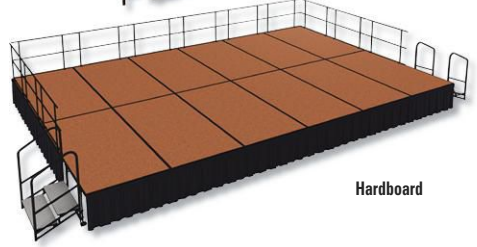

### National Public Seating® Stage Group

The Portable Stage Group is the reliable and affordable choice for your school performances and assemblies. Users are supported by a heavy-duty, 16-gauge steel and a black powder-coated frame. The premium 3/4" thick plywood deck is durable and features a firmly-affixed carpeted or hardboard surface. Legs are constructed with 14-gauge steel tubing and feature simple and safe spring-loaded locking mechanisms allowing for quick set-up assembly and folds up easily for manageable portable storage. The stage offers a secure weight capacity of over 200 lbs. per square foot. High-impact plastic glides will ensure floors are protected from damage. This set includes two stage steps, 14-gauge guardrails for extra safety, and skirting for an elegant look.

**CLASSROOM  
SELECT** 

**Classroom Select® Science Tables**

Featuring a solid oak frame, with 2-1/4" x 2-1/4" legs secured by a single bolt leg attachment, the Classroom Select® Science Tables offer a durable, lasting option for your science room setting, backed by a limited lifetime warranty. Available in multiple sizes and leg heights, as well as a dual book box option. Casters and an apron-cutout option, as well as custom sizes, are also available upon special request. Contact your School Specialty representative to discuss these optional features.

**High-Pressure Laminate:** Wears exceptionally well under normal use. Offers superior resistance to scratching, with limited resistance to high temperatures and severe chemicals. Edges are finished with vinyl T-Mold edge banding.

**ChemGuard:** A Durable, chemical resistant grade of high pressure laminate. Edges are finished with a 3 mm PVC molding, sealed with heat sensitive adhesive to create an attractive waterproof and durable edge.

**Phenolic Resin:** A chemical resistant composite that will not stain or etch when exposed to most chemicals or solvents. Not recommended for use with high temperatures. Exposed edges and corners are finished with a 1/8" bevel.

**Epoxy Resin:** Impervious to normal laboratory chemicals and heat. Its monolithic composition eliminates the possibility of swelling, lamination issues and exposure of the substrate. Exhibits no effect when subjected to most common laboratory chemicals.

**Diversified Spaces™ Mobile Demonstration Table with Drawers**

A self-contained demonstration center with its own water supply, waste container, chemical resistant sink with a stainless steel look and hand pump, GFI protected AC duplex electrical receptacle, 25' extension cord and full 3/4" upright rod and 1/2" crossbar set. The unit includes four drawers which are dovetailed and mounted on epoxy coated glides. Sliding, locking doors conceal the drawers and storage compartment, and the supplied two 2-1/2 gallon water bottles. Finished with a chemical resistant, earth-friendly UV finish. Heavy-duty 4" locking ball-bearing swivel casters support 500 lbs. The top is 1-1/4" ChemGuard high-pressure laminate. Overall dimensions: 48" W x 28" D x 36" H.

**Diversified Spaces™ ADA-Compliant Mobile Lab Station**

This self contained unit constructed of oak and oak veneers is designed to be wheelchair accessible. The 1-1/4" ChemGuard top has a chemical-resistant plastic sink with a stainless-steel look, faucet, rod sockets that support the full upright set which is included. The faucet is operated by a toggle switch water pump which pulls and discards the water from the water bottles supplied. Unit has a GFI protected AC duplex electrical receptacle, 25' extension cord and locks on all the drawers and doors. Rolls easily on 4" ball bearing locking swivel casters. Dimensions: 72" W x 24" D x 33" H.

### Diversified Spaces™ ForwardVision™ I 4-Student Workstation

Unlike typical 4-student workstations that hide students' faces and storage areas, this workstation's unparalleled design provides the instructor with optimum visibility. Instructors can see the students, fixtures and storage areas from the front of the classroom. The students all work from the same side of the workstation, while the storage area is on the opposite side. The solid epoxy resin top withstands extreme chemicals and heat. Workstation features two electrical outlets and is available with or without a sink and fixtures.

### Diversified Spaces™ Fab-Lab Workbench

The Fab-Lab Workbench offers multiple top finishes including high pressure laminate (HPL), ChemGuard, maple butcher block, and phenolic or epoxy resin with colored 3mm PVC edge banding options on the HPL and ChemGuard tops. The workbench apron is constructed of 16-gauge with end gusset geometry for additional support with the top being attached with screws in two directions to ensure stability. Legs are attached with bolts in the field. An additional 14-gauge steel stretcher bar provides additional rigidity to the table frame, and can be installed on the front, middle, or back of the leg frame. The legs are constructed of 2" X 2" square steel outer tubes that were welded together with both upper and lower cross braces; 1-3/4" x 1-3/4" square steel 14-gauge steel inner tubes with riv-nuts spaced 1" on-center to provide adjustable heights from 29-1/4"H to 36-1/4"H with glides and a 1" thick top. The workbench is equipped with adjustable glides for precise leveling. Optional casters available; add 4" to the height. Optional color coordinated 12" deep shelf made from 14-gauge steel.

**Diversified Spaces™ Stainless-Steel Table**

Stainless-steel table with galvanized-steel legs and under shelf. The T-430 18-gauge stainless-steel top has two sound-deadened integrally welded 5" "C" channels to reinforce and maintain a level working surface (prevent sagging). The galvanized legs are 1-5/8" diameter and have adjustable high-impact corrosion-resistant feet. The under shelf is adjustable and has two pins per corner providing extra strength and stability. The table is National Safety Foundation certified.

**Diversified Spaces™ Hydroponics Growing Center**

Learn how plants can grow without soil and help teach the basic concepts for plant needs, nutrition, food production, recycling, agricultural technology and soilless growing environments. This mobile hydroponics center includes grow lights and water pump. The adjustable timers enable you to grow your plants with the perfect amount of water and sunlight. The construction allows easy access for students and teachers alike. The hydroponics center is made of solid maple and maple veneers. The containment plant tray is 42" W x 27-1/2" D x 8" H. There is a 25-gallon nutrient reservoir with lid, a locked cabinet for timers and air pump, and a 150 watt grow light. The growing system is completed with a submersible pump, an air pump, an air stone, two timers, hoses and ten 6" net pots. The unit moves easily on 4" locking, leveling casters. Overall dimensions: 52" W x 28" D x 78" H.

**Diversified Spaces™ Augmented Reality Sandbox**

This amazing sandbox uses 3D visualization applications and a hands-on exhibit combining a real sandbox, virtual topography and water created using a closed loop of a Microsoft Kinect 3D camera, powerful simulation and visualization software, and a data projector. The resulting (AR) sandbox allows users to create topography models by shaping real sand, which is then augmented in real time by an elevation color map, topographic contour lines, and simulated water. The system teaches geographic, geologic, and hydrological concepts such as how to read a topography map, the meaning of contour lines, watersheds, catchment areas, levees, and much more. The software was designed by a team of scientists at UC-Davis. \* The sandbox comes complete with the box, camera, projector, wire management, and laptop loaded with visualization software. The sandbox is made of solid oak and oak plywood and moves on heavy-duty locking casters. A wire management system keeps the cords from interfering with box. There is a handy shelf to hold the laptop while in use, which folds away with a collapsible hinge. The 36-inch dimension measures to the top of the table. Note: sand not included (we recommend 300 pounds of Sandtastik® sparkling white play sand). Detailed instructions for calibrating the software and running the program are included. \* The Augmented Reality Sandbox was developed by the UC Davis W.M. Keck Center for Active Visualization in the Earth Sciences (KeckCAVES, www.keckcaves.org), supported by the National Science Foundation under Grant No. DRL 1114663. For more information, please visit <http://arsandbox.org>.

### Classroom Select® Construct-IT® Makerspace Utility Project Center

The perfect companion to the Geode Series® storage cabinets, the Construct-IT® is built like a rock with a durable steel frame and side panels available in 11 vibrant color options to make any room shine. Super heavy-duty, 4-inch zinc alloy casters, 2 locking and 2 non-locking, provide smooth and reliable transportation. Side panels feature rows of peg board perforation for increased storage potential. **Durable steel shelving units can be purchased as an accessory for added storage space.** Table tops are offered in a variety of sizes to fit any of your work area needs as well as laminate, markerboard, and butcher block options. Our uniquely engineered frames are height adjustable from 29" to 42" in 1" increments allowing you to choose a sitting or standing worksurface.

### Classroom Select® Project Bumper Frame

The Classroom Select® Project Bumper Frame is a perfect addition to your makerspace activities or any projects-based learning environment. Corner connector pieces are molded from a durable ABS material and side clamps are made of strong 12-gauge steel. Side panels are constructed with 1-1/8 inch MDF core double-sided with high pressure laminate and finished off with black 3mm edge banding. Designed specifically for simple assembly with easy slide-in board guides and corner connector pieces secured with inset screws. The Project Bumper Frame easily mounts on the top of our most popular rectangle activity table sizes, including our Vigor® and Construct-IT®, and our butcher block table tops. Project Bumper Frame can also be used as a floor robotic boundary area. Available in five easy to coordinate laminate colors: Gray Nebula, Dove Gray, Black, Royal Blue, and Red with black 3mm edge band. Project Bumper Frame set includes 4 corner ABS connectors, 2 side clamps, 4 high pressure laminate sideboards, and hardware.

Table sold separately.

PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS: UL.COM/IGG UL 2818

**Diversified Spaces™ 2 and 4 Station Bench**

The base of the unit is constructed of solid maple and maple veneers. The 2-1/4" thick top is hard maple. The unit is finished with an Earth-friendly UV finish. The locking doors have pulls and are hung on five knuckle institutional hinges while the locking drawers are fully dovetailed and roll easily on epoxy coated glides. Units can be ordered with or without vises. Choose between two-station and four-station units. Overall size: 64"W x 28"D x 31-1/4"H for the two-station and 64"W x 54"D x 31-1/4"H for the four-station.

### Gratnells MakerSpace Trolley

The Gratnells MakerSpace Trolley holds standard Gratnells trays on StopSafe runners, allowing easy and safe access to components. Side and back panels include industry standard peg holes and slots for wide range of accessories. Comes complete with three deep (F2) trays, 12 shallow (F1) trays, 12 mini bins (only available in green), roll holder, 5 single hooks and 5 double hooks. Heavy-duty lockable caster also included.

### Gratnells MakerHub Trolley

The Gratnells MakerHub Trolley is a multi-functional resource trolley that promotes collaborative working in STEAM activities in the classroom. Magnetic whiteboards are instantly interchangeable – simply lift up and draw down to remove. All standard boards are held safely in place between steel guides at the top of the frame and special stoppers on the recessed shelf. Four deep (F2) trays are included and can face either direction. Heavy-duty lockable casters also included.

Item #	Description	Product Dimensions	Tray Colors	List Price
6-5003171-670	MakerSpace Trolley	40 W x 17 D x 62 H in	Specify	\$2,618.95

Item #	Description	Product Dimensions	Tray Colors	List Price
6-5003170-670	Makerhub Trolley	17 W x 27 D x 56 H in	Specify	\$1,846.95

### Gratnells Rover Carts

Tough and practical, the Gratnells Rover has been designed to carry trays over any terrain and help you move heavy loads around with ease. Whether you need to take beanbags and bottled water to the field on sports day or a class full of iPads to an after-school club, the Rover is ideal for transporting anything you need, even up and down stairs. Trays and a strap to secure are included.

Item #	Description	Product Dimensions	Number of Trays	Tray Colors	List Price
A 6-5003158-670	Rover Cart w/ F2 Trays	22 W x 16-4/5 D x 46 H in	3	Specify	\$1,220.95

### Copernicus 3D Printer Cart

As schools begin to explore the exciting capabilities of 3D Printing, the need to properly store the tools and materials required increases. This 3D Printer Cart allows printing equipment to be shared around the school easily and keeps everything that you need close at hand. Features adjustable spool holder (max 4 spools), tool storage, sliding laptop shelf (fits laptops up to 17"), magnets for attaching accessories to frame, 4" casters, 2 locking and 6 outlet power strip. Accommodates 3D printers with a footprint of up to 24"D x 26-1/2"W.

**Base Model includes 4 Open Tubs, 1 Large Tub.**

**Premium Model includes Base Tech Tub™, 2 Open Tubs, 1 Large Tub.**

Frame Dimensions: 41"W x 24"D x 59"H

Lifetime Tech Tub™ and Lid Warranty; 5 Year Frame Warranty; Lifetime Tub Warranty.

**CaliTuff® Cord**

Our highly durable CaliTuff® Cord is made of braided, PVC-jacketed material that resists cutting and chewing. Includes a reinforced earcup entry point that resists stress separation. Cable management is made easy with a tethered hook and loop strap.

**Califone® 3068 Stereo Over-Ear Headsets**

The 3068 headset delivers over-ear performance at an economical price and has been upgraded with our strongest cord....CaliTuff®. The noise-reducing microphone captures a student's verbal response - not their neighbors, making it ideal for language learning, library uses, and in computer labs. The audio playback is calibrated to enhance the tonal range of the human voice in language learning.

- In-line volume control makes for easy adjustments with little distraction
- 6 foot CaliTuff™ cord
- Ambient noise-reducing, circumaural earcups
- Replaceable, foam-filled, leatherette ear pads
- Padded, adjustable headband fits most sizes
- Rugged ABS plastic head strap and earcups resist breakage

**Califone® 3068AV Switchable Stereo/Mono Over-Ear Headphones**

We've updated the cord to CaliTuff™, making this classic Califone® headphone versatile and even tougher! With the flip of switch, these headphones go from mono to stereo, providing maximum utility as students move from monaural functions (typical for ELL/ELD lesson) to stereo requirements of computer workstations and online learning.

- Volume control on each cup for optimal hearing and comfort
- 10 foot CaliTuff™ cord
- Ambient noise-reducing, circumaural earcups
- Replaceable, foam-filled, leatherette ear pads
- Padded, adjustable headband fits most sizes
- Rugged ABS plastic head strap and earcups resist breakage

3 year warranty

**Copernicus Original Tech Tub® Premium**

The Original Tech Tub™ has the capability to charge Chromebooks, or other tablets. It makes sharing small sets of devices easy within a classroom or throughout a school. Adjustable dividers can accommodate most cases and the side cable pocket/channel helps keep cords neat, tidy, and lined up with each device. Tech Tub includes 2 padlocks same keys, and locking block and pin to secure the tub to a flat surface. Tech Tubs are made from highly durable, heat resistant ABS plastic, and are vented to ensure airflow.

Original Tech Tub™ Premium for 6 devices:

- Internal six outlet power strip
- NEW taller lid accommodates Chromebooks (14"H x 9" W x or smaller)

Original Tech Tub™ Premium for up to 10 devices

- 10 Port USB sync/charge hub
- USB hub can be mounted internally or externally to support up to 10 devices in one tub (depending on the size of your device and case)

**Copernicus Tech Tub® Standard**

For many classrooms, their device security system is simply locking the door at the end of the day. This new mid-range, top loading model is ideal for these environments and at a lower cost than our premium models. It has all the features of the premium models, including a padlock for securing the devices inside. The only difference is there is no locking block and pin to secure the tub to surfaces. Tech Tub Standard has the capability to charge up to 6 devices. It makes sharing small sets of devices easy within a classroom or throughout a school. Adjustable dividers can accommodate most cases and the side cable channel helps keep cords neat, tidy and lined up with each device.

# Tech Tub2<sup>®</sup>

Holds iPads<sup>®</sup> and Chromebooks<sup>™</sup>

Fits your devices. Suits your budget. Goes where you go.

UV Tech Tub for sanitizing devices and more—and in one minute!

Top compartment holds package of 12 medical grade testing cards to check UVC level (monthly check is recommended)

Bulbs emit proper wavelength level required to disinfect and are easy to replace by educators. Bulbs are rated for 11,000 hours of use.

360 degrees of UVC irradiance to maximize disinfection with 4 bulbs and reflective interior

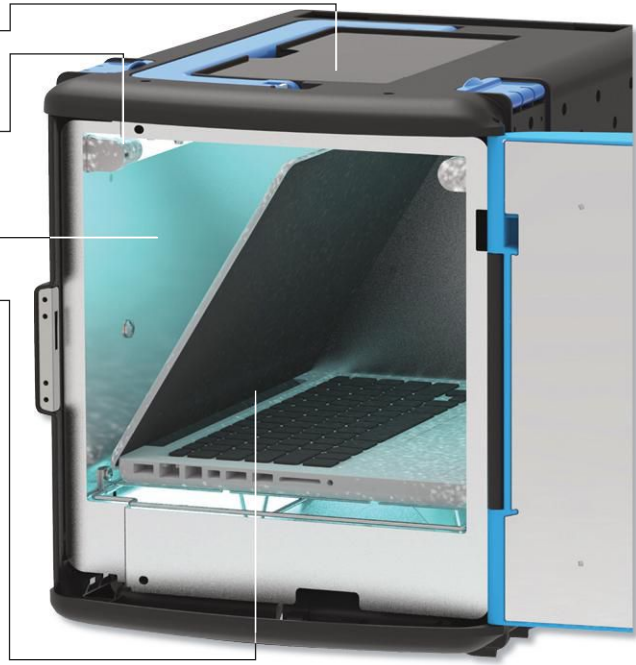

Large enough to hold open laptops to disinfect the most germ-y surfaces: the screen and keyboard

Enclosed disinfection chamber (no UVC exposure to user)  
The UV bulbs turn on only when the door is closed securely and start button is pushed

UVC filtering window (to check the bulbs are working)

## Copernicus Tech Tub2<sup>®</sup> UV

The large chamber can disinfect\* laptops (when open), VR headsets, headphones, robotics and other commonly used classroom items. The UV Tech Tub is here to help with the necessary disinfecting of devices required to keep classrooms as germ-free as possible.

- Fully enclosed disinfection chamber (no UVC exposure to user)
- Small footprint and can clip onto existing Tech Tub2 Trolleys and Modular Carts

Item #	Description	Product Dimensions	Color	List Price
5-2040933-670	UV Tech Tub	11-3/4" W x 17" D x 13" H in	Black/Blue	\$1,166.95

\*As with all UV disinfection technology, many, but not all viruses and germs are killed in the process.

## Copernicus Tech Tub2<sup>®</sup> Modular Carts with UV Tub

In one minute, disinfect devices, including laptop screens and keyboards! Tech Tub2 Modular Carts now include options which have a UV Tech Tub to create a complete device charging, storing and disinfecting solution. To encourage physical distancing, the tubs unclip from the cart and can be placed around the classroom.

- Modular Carts have 4" locking casters

Item #	Description	Product Dimensions	List Price

## Copernicus Tech Tub2<sup>®</sup> Trolleys with UV Tub

In one minute, disinfect\* devices, including laptop screens and keyboards! Our popular Tech Tub2 Trolleys now include options which have a UV Tech Tub to create a complete device charging, storing and disinfecting solution. The green tub stores, charges and locks up small sets of iPads<sup>®</sup>, 11" Chromebooks<sup>™</sup> and other tablets and the blue tub disinfects them. The large UV chamber of the blue tub disinfects laptop keyboards and screens (when open), VR headsets, headphones, robotics and other commonly used classroom items.

- Durable 3" casters

## Luxor Tuffy Carts

Tuffy Carts are formed from durable, structural thermoplastic that won't warp, crack or peel. Choose from two or three shelf models, each with textured shelf surfaces and .25" retaining lips to help secure items. Comes with easy-rolling 4" ball-bearing casters, 2 locking and 2 fixed that glide over floor cracks and thresholds without effort. Electric models include a 3-outlet electrical assembly. Shelf size measures 18" x 24".

## Luxor 4 in 1 AV Cart

This versatile 4 in 1 AV cart is designed to withstand the constant demands of academic or corporate use. It's great for overhead projectors, TV sets, LCD projectors, PA systems, and more! Because this cart comes with several sets of legs, you have the ability to configure the cart to 4 different heights (15-1/2", 24-1/2", 34", and 42-1/2") to suit your particular needs. Comes with 3 shelves.

Each shelf of this adjustable height AV cart measures 18" x 24", and has a 1/4" high safety retaining lip and a textured surface to prevent sliding. A convenient 3-outlet, UL Approved, recessed electrical assembly with a 15' cord and cord wrap enhances the cart's versatility. Four 4" swivel casters (two with brakes) assure easy mobility, and the entire AV cart can hold up to 200 lbs. of evenly distributed weight.

**Post-it® Flex Write Surface**

Gives you the flexibility to instantly transform your work surface into a whiteboard and the freedom to write with even a permanent marker without stains. Long-term planning is easier than ever with the use of permanent markers to prevent accidental smearing and erasing. Permanent marker wipes away with water, and you can remove writing from a dry-erase marker with a cloth. With just three easy steps, this whiteboard surface is simple to use to capture your classroom's ideas, inspire creative thinking and track projects. First, unroll the whiteboard surface, peel off the backing, and then stick to your work surface. The flexible whiteboard removes cleanly with no damage to your wall or repurposed blackboard.

Item #	Product Dimensions	Color	Quantity	List Price
9-2026869-670	4 H x 3 W ft	White	Each	\$226.39
9-2026880-670	50 H x 4 W ft	White	Each	\$2,590.89

Use dry erase and permanent markers

**Post-it® Super Sticky Dry Erase Surface**

Transform painted dry wall, glass, painted steel, finished wood or even old dry erase and chalk boards into a dry erase surface with the Post-it® Super Sticky Dry Erase Surface. Easily turn vertical and horizontal surfaces into dry erase surfaces. Peel and stick construction sticks securely and removes cleanly. The stain-proof technology on these high-performance surfaces provides great writability as well as erasability. Satisfaction guaranteed.

Porcelain Steel Self-Adhesive Whiteboard Skins**

Replace or renew any torn or worn board with magnetic dry erase Porcelain Steel Self-Adhesive Skins, designed to make markerboard resurfacing easy, with no mess or fumes. Standard gloss porcelain provides superior writability and erasability with no ghosting. Reduced surface light distortion enhances visibility to provide optimum eye comfort.

Self-adhesive skins feature a peel-and-stick backing that applies easily to an existing board. Writable and erasable cover bar available to hide seams.

**CAUTION:** Self-stick adhesive is intended for resurfacing on an existing board surface and has not been tested for use on other materials.

## Classroom Select® NeoFuse® Soft Seating

NeoFuse® Soft Seating offers comfortable multi-level seating ideal for lounge and atrium areas, classrooms, media centers, and flexible seating environments. Constructed of a durable wood frame and high-quality foam overlay. Enjoy the creativity and modular convenience of creating collaborative pods with stools, ottomans, two-and three-tier options plus the two-tier corner modules that can be configured to create a variety of seating spaces. NeoFuse® is offered standard as one-color fabric, however, customs are available.

**Classroom Select® NeoSit® Coated Foam Seating and Floor Pads**

**Classroom Select® NeoSit® Coated Foam Seating**

Perfect for any school lounge area, atrium, classroom, administration offices, libraries or even hallways! NeoSit® medium-density, polyurethane foam has a silicone non-stick coating, that is difficult to stain or mark. The surface is easy to clean with most cleaning products, including bleach and other anti-microbial cleaners. There are no sewing seams to trap dirt, germs, or contaminants. NeoSit® is soft and safe for younger students, yet durable and firm enough for middle and high school students. Easy for teachers to reconfigure any learning environment quickly. Available in eight exciting colors!

**Classroom Select® NeoSit® Coated Foam Floor Pads**

Classroom Select® NeoSit® Coated Foam Floor Pads make floor learning more comfortable and focused. Constructed of medium-density, polyurethane foam with a silicone non-stick coating, that is difficult to stain or mark. The easy-to-clean surfaces make these a perfect addition to any learning environment. The glossy bottom provides a superior non-slip surface, to keep seating pads in place. No sewing seams to trap dirt, germs, or contaminants. Conveniently stow seat pads with the Classroom Select® Floor Pad Cart, sold separately.

### Classroom Select® NeoLounge® Soft Seating

Create flexible and collaborative spaces for teachers and students with NeoLounge® soft seating modular pieces. Choose from our expanded line of fabric colors and prints to mix and match to create spaces for common areas, classrooms, offices, and media centers!

All-foam construction makes these pieces easy to move and configure where seating is needed. 1/2" MDF base board with metal inserts for glides.

Single units (A-Z) can be ordered as one fabric color or two fabric color options. Customize two color options by choosing one color for the sides and another color for the top. **Quickship only available in one color options: Vinyl fabrics: Canter-Ink, Canter-Adobe, Canter-Red, and in Coated fabrics: Eon-Atlantic, Eon Spring, and Eon-Typographic.**

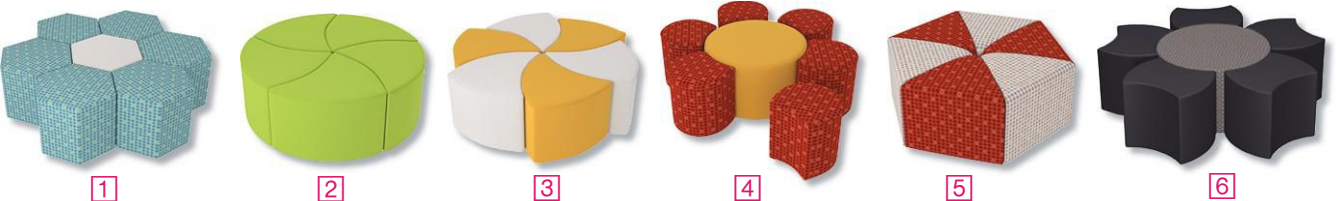

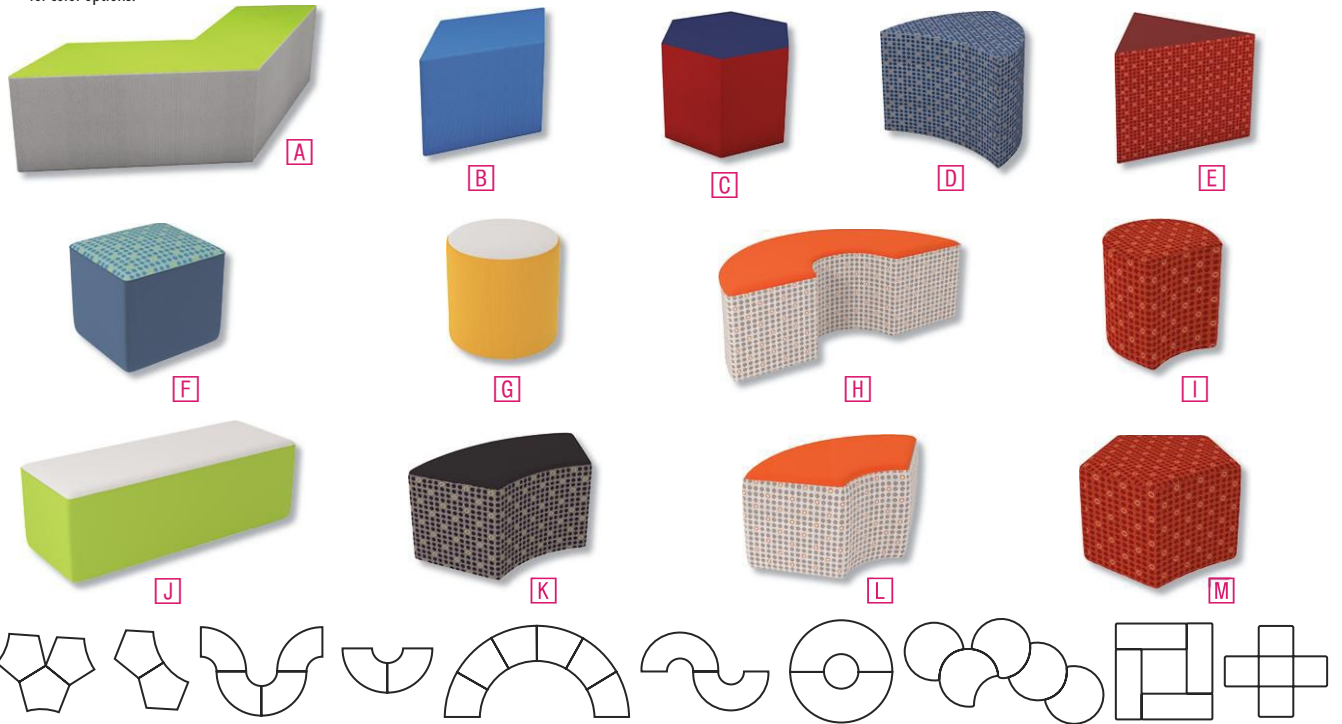

Sets (1-6) can be ordered as one color for all pieces or two color options. Sets with a center ottoman will be considered a two color option by choosing a color for the center and another color for the pieces surrounding the center. Sets with no center can be ordered as two colors with every other piece a different color (if two colors are selected for the Twist 5 piece set, one color is for the sides of all units and another color is for the top of all units).

### Classroom Select® NeoDen®

Add a NeoDen® to atriums, media centers, lounge areas, classrooms, cafeterias, and even hallways. The exterior is made of durable high pressure laminate, and the interior is lined with any one of our 34 fabric options. The seats, seat backs and ceiling is lined with 3" foam for added comfort. The upholstered foam interior offers a cozy sound barrier and the open side/sides make students still feel like part of the environment. Included with each NeoDen® is USB plugs, overhead lighting, and power. Available storage space located under seating benches. Super heavy duty 4-inch casters provide smooth and reliable transportation. Our NeoDen® comfortably sits 4 people, with an optional open back, a standard back or a markerboard back wall. Choose between our pre-assembled version, which is ready to use or our unassembled version. All doorways should be measured to ensure proper fit of pre-assembled NeoDen® units.

**Safco® Runtz™ and Zenergy™ Chairs**

Safco® Zenergy™ and Runtz™ products are designed to promote active movement throughout the day and engage major muscle groups to help combat the negative effects of inactivity. These active products are designed to be an alternative desk chair or for use in meeting areas, gathering spaces, waiting rooms, or classrooms. All products include a 17-½ inch (anti-burst) exercise ball and a pump. The ball chairs include removable legs, so the feet can be inserted in the base for another size option. The swivel ball chair does not include legs, but features a 360° swivel base with active user control movement.

**Classroom Select® Community Storage Bench**

The Classroom Select® Community Storage Bench pairs perfectly with the Community Tables and Side Bench. Designed for libraries, lounge areas, and collaborative learning spaces, offered in a variety of width and depth options. Our storage benches can be ordered as a double-sided, for an extra roomy seat, or as a single-sided version, if space is limited. Choose from any of our 31 laminate colors and any of our 34 fabric choices.

Please refer to page 60-61 for all color selections.

PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS: UL.COM/IGG UL 2818

**Classroom Select® Coffee and Side Tables**

The Classroom Select® side tables and coffee tables are a perfect addition to our NeoLounge® and NeoLink® Soft Seating lines. Table tops are constructed from a 1 – 1/8" particle board core with your choice of any of 32 laminate tops and 23 T-Mold edge color options. The side table leg is a durable 2" round 17-gauge steel titanium powder coat finish. The side table base is made from a solid 3/4" thick steel plate, that slides perfectly under any of our soft seating chairs, making this a perfect add-on for your workspace needs. The Classroom Select® coffee table comes in a variety of shapes and sizes, that are suitable for any collaborative work environment. The coffee table features a uniquely designed tapered leg which offers a very aesthetically pleasing look.

## Classroom Select® Convertible Bench Table

The convertible bench table is so versatile you can use it for a variety of multipurpose activities. A quick flip of the back rest converts your multipurpose room from an auditorium to a lecture hall. Table tops are constructed of high pressure laminate that is bonded to a 3/4" core and are available in MDF with LockEdge®, plywood with LockEdge® or T-Mold, and particleboard with T-Mold. Available in 27" or 29" heights. Positioning units facing each other transforms your facility into an efficient cafeteria. Multiple wheelchair position options and additional height options available (25" and 32"), please contact your School Specialty Account Manager for details and lead times. **Quickship available on 1433650 in Gray Nebula top and bench color and 29" height.**

**Classroom Select® Mobile SimpleStore® Tables**

The Mobile SimpleStore® is perfect for cafeterias that require a multipurpose space filled with furniture that can serve many purposes. The 14-gauge steel, 2" tube legs and double ball bearing non-marring locking 3" casters allow mobility and strength when used. High backs with a slight 12-degree pitch provide the perfect contour for comfortable seating. Rubber Grip-Right glides engage on the floor when opened. The locking casters also allow this table to stay in place. The table is a rectangular shape with a textured black powdercoat frame. Available in an assortment of laminate color options, these mobile tables are the perfect addition to any cafeteria environment. Sold in full booth unit, individual tables, and bench options. Tables with T-Mold edge are made of 1" particleboard core, and LockEdge® are made of 1" MDF core with high pressure laminate top. Benches are 3/4" thick.

### Classroom Select® Mobile Table with Benches

The mobile fixed-bench table features a two-stage security lock that secures table in an open position as well as partially opened for floor maintenance. Also, an exclusive torsion bar easy-lift system, providing for smooth and easy opening and closing every step of the way. This unit features a lift-off caster leg design to ensure table does not roll while in use and a 4" rubber, non-marking locking wheels for easy mobility. Available in a 27" or 29" height. Benches and table tops are constructed of high pressure laminate that is bonded to a 3/4" core and are available in MDF with colored LockEdge®, plywood with colored LockEdge® or colored T-Mold, and particleboard with colored T-Mold. Please contact your School Specialty Account Manager for ADA options, additional heights (25" or 32"), table configurations, and lead time details.

Quickship available on 1433670 and 1433674 in MDF with LockEdge® Gray Nebula top and bench colors and 29" height.

### Classroom Select® Mobile Table with Stools

The Classroom Select® mobile stool table can fit any cafeteria need. All tables have 13" diameter stools that require installation, and 30" wide tops. Features an exclusive torsion bar easy-lift system, providing for smooth and easy opening and closing every step of the way. A lift-off caster leg design to ensure table does not roll while in use; 4" rubber, non-marking wheels for easy mobility. Table tops are constructed of high pressure laminate that is bonded to a 3/4" core and are available in MDF with colored LockEdge®, plywood with colored LockEdge® or colored T-Mold, and particleboard with colored T-Mold. Available heights are 27" or 29". Perfect for use as an arts and crafts table, as a learning center for educational programs, or as a cafeteria table.

**Classroom Select® EasyFold Mobile Table**

The one-piece design and durable structure make this the perfect multi-purpose table for cafeterias, banquets, and most events. When opened, this is a seamless surface that automatically locks with two points of manual release to fold and can be nested for easy storage. 4" double ball bearing swivel casters allow for easy transportation and lift off the floor in an open position to prevent table from rocking or shifting. Glass-filled nylon, high-impact glides allow no leftover marks when moving. 14-gauge steel understructure and legs are available in textured powder coat black and chrome options. Each table model is designed for years of dependable use with tops constructed of high pressure laminate that is bonded to a 3/4" core and are available in MDF with colored LockEdge®, plywood with colored LockEdge® or colored T-Mold, and particleboard with colored T-molding. Standard height is 29", with optional 27" height available upon request.

Rectangle

Elliptical

**Classroom Select® Mobile Shape Tables**

A well balanced strong underside construction keeps these tables flat and sturdy for years of service. Value-priced tables to "roll and unfold" for school luncheons, banquets, bake sales, scouting affairs, and other school functions. The rectangular tables feature an exclusive torsion bar easy-lift system, providing for smooth and easy opening and closing every step of the way. Table tops are constructed of high pressure laminate that is bonded to a 3/4" core and are available in MDF with colored LockEdge®, plywood with colored LockEdge® or colored T-Mold, and particleboard with colored T-Mold. A generous 1-1/8" gap between tops prevent pinching. This unit features a lift-off caster leg design to ensure table does not roll while in use; rubber, non-marking wheels are 4" in diameter for easy mobility. Please contact your School Specialty Account Manager for ADA options, table configurations, and lead time details. Standard height is 29", but it is also available in 27".

**CLASSROOM SELECT**

**Classroom Select® Tilt-N-Nest® Café Table**

The Classroom Select® multifunctional Tilt-N-Nest® Café Table can be used in several school learning environments. Simple and easy height adjustment lever raises the table from 29" to 44-1/2". Table top flips down into place and can be easily nested with other tables for safe compact storage. Tables tilt and stop at users choice. Durable heavy-duty steel column and base with 60mm locking casters allow smooth transitions and secure nesting. Tops available in square and round shapes; sizes 24", 30", and 36". Choose from 32 laminate colors including markerboard top, in LockEdge® or T-Mold edge band. Coordinate the edge color by choosing among any of our 5 LockEdge® or 23 T-Mold color options. Bases available in black powdercoat.

**Classroom Select® NeoClass® Sled Base Stacking Chair and Bistro Chair**

The Sled Base Stacking Chair and Bistro Chair can be used in a multitude of settings. Choose from a standard 18" seat height or 30" bistro height option. The polypropylene molded seat and back provide optimal comfort and support. A convenient hand hold offers easy movement and stacking. Chrome steel frame is durable and lightweight. Rounded polyethylene glides will protect the floor. The standard sled based stacking chair glide can be used for ganging purposes. To make transporting even easier for the 18" chair only, try the Classroom Select® chair dolly, sold separately. Glides are removable for carpet use. Assembled.

**AIS Calibrate Series Laminate Colors**

**Calibrate Series**

The Calibrate® family of laminate products can fill the entire space with coordinated, high quality, beautiful solutions. All its elements have been intentionally designed with compatible dimensions to ensure proper fit while sharing key design features such as finishes and hardware within the family - and often across other AIS lines. The result is clean reveals, tight tolerances and smooth alignment ensuring a cohesive aesthetic throughout your facility. Plan with a portion of the Calibrate® family or plan with all of it: casegoods, storage, formal and informal conference tables, open plan desking system and reception. The choice is yours.

**Affordable Interior Systems Calibrate® Series Double Pedestal Teacher Desk**

Includes:

- Full Modesty Panel Desk Shell - 72 W x 24 D x 29 H in
- Full Depth Big Box File Pedestal – 16 W x 18 D x 28 H in
- Full Depth Full File Pedestal – 16 W x 18 D x 28 H in

Item #	Description	Product Dimensions	Top Color	List Price

**Lorell Panel Systems**

Create the panel configuration you need with a variety of sizes available. The semi-tackable, gray panels help block sound and provide privacy. Each panel includes adjustable glides for better leveling. An accessory shelf adds overhead storage and includes mounting hardware. Versatile connectors to secure panels are sold separately.

### Conference Table Tops & Bases

Rectangular tops combine with wide side legs and middle unite leg to create the Revelance conference table size you need. 1 inch thick tabletop features a 3mm thick PVC edge banding that matches the laminate finish. Leg frame is made of metal with a silver powder-coated surface for durability. Combine tops to make conference tables up to 144 W x 48 D.

**Classroom Select® Mesh Guest Chair**

Stackable guest chair features a mesh back to mold to your natural curvature. The exhaust vent in the plastic cover under the fabric-upholstered, cushioned seat offers even more breathability. Nylon pads top the fixed arms that are built into the four square tube legs. Use for your lobby or large meeting areas. Chairs stack up to four high. Seat measures 18-<sup>3</sup>/<sub>4</sub>" W x 18-<sup>3</sup>/<sub>8</sub>" D x 18-<sup>1</sup>/<sub>8</sub>" H. Back size is 17-<sup>3</sup>/<sub>8</sub>" W x 14" H.

**Affordable Interior Systems Devens Side Chairs**

The Devens Side Chair is a natural complement to both the Devens Task Chair and the Devens Stool. This cantilevered stacking chair provides an elegant and light look whether used in a private office as guest seating or by itself in a meeting room. The mesh, curved back mimics the contour of the spine for added comfort. Chairs can be stacked up to four high when not in use.

**Affordable Interior Systems Side Paxton Chairs**

Paxton loves being around people—in the café, training space, classroom, waiting room, auditorium, basically anywhere with a floor. With or without casters, it's soft, stackable, and supremely comfortable. Beloved for its mesh back, soft edges, and welcoming price point, this side chair serves the need, then stacks up to save space.

- Comfortable mesh fabric cushioned seat
- Progressive waterfall front seat edge promotes good circulation and relieves pressure points
- Pneumatic seat height adjustment, back height adjustment, 360 degree swivel, tilt and asynchronous three lever control
- 5-star base for stability and easy movement
- Attractive black color
- Most Classroom Select® task seating is quickship

Go to pages 226-235 for Classroom Select® task chairs

**TASK CHAIR OPTION CHART**

Use this chart to identify task chair options on pages 226-235.

1	 <b>tilt tension control</b> Increase or decrease tilt tension depending on user's body-weight.	7	 <b>seat height adjustment</b> Raise or lower so your feet rest flat on the floor. This will accommodate individuals of all different heights.	13	 <b>arm height adjustment</b> Raise or lower so your forearms rest comfortably while typing at a computer and working at your desk.
2	 <b>center-tilt</b> Chair tilts from a point under the center of the seat allowing you to rock. Tension adjustable.	8	 <b>waterfall seat</b> Reduces pressure at the back of the knee allowing for good blood flow.	14	 <b>seat angle adjustment</b> Seat angle will lock in any position from front to back.
3	 <b>knee-tilt</b> Chair tilts from a point at the front of the seat keeping your feet on the floor as you rock. Tension adjustable.	9	 <b>forward seat tilt</b> Allows chair to tilt forward changing the angle of your thighs in relation to the floor. Allows for full back support when working at a computer.	15	 <b>swivel arm</b> Arm swivels left to right
4	 <b>tilt lock</b> Lock in positions to accommodate your posture.	10	 <b>back height adjustment</b> Raise or lower to support the lumbar (lower back) region.	16	 <b>arm depth adjustment</b> Arm moves forward and backward.
5	 <b>back angle adjustment</b> Adjust to change the angle of the back in relation to the seat. Will allow for multiple angles based on individual's size.	11	 <b>seat depth adjustment</b> Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees.	17	 <b>ratchet back height adjustment</b> Easily raise back with upward ratchet to support the lumbar (lower back) region.
6	 <b>synchro-tilt</b> Backrest and seat tilt in unison. Back tilts more than seat and is tension adjustable.	12	 <b>width adjustable arms</b> Adjusts arms inward or outward to match an individual's shoulder span for maximum comfort.	18	 <b>integral lumbar support</b> Easily adjusts to enhance comfort.

SELECT

To order a chair with a premium colored seat, simply select a high-back or mid-back frame and a seat color. Seat easily attaches to frame and ships separately.

223 Go to page 223 for task chair options

**Classroom Select® Deluxe Mesh Back Chairs**

The deluxe mesh back chair cradles you with a breathable mesh back and mesh fabric seat. The ergonomic mesh back supports the natural curvature of your back for less strain during work at the computer or meetings at your desk. Multifunction control adjusts seat and back angles independently with two levers for infinite locking within a fixed range. For more individualized comfort, arms adjust in height and width and the seat height adjusts from 17 to 21 inches. This chair also swivels 360 degrees and tilts with the pivot point located directly above the center of the chair base. Five-star nylon base is equipped with smooth rolling casters for easily moving the chair where needed. To order a deluxe mesh back chair with a premium color seat, simply select a high back or mid back frame and a premium seat color. The premium seat easily attaches to the frame. Frame and premium seat ship separately. Weight capacity is 275 lbs. Meets the CA117 fire-retardant standard.

### FireKing® Insulated Filing Cabinets

All FireKing® files carry Underwriters' Laboratories Class 350-one or two hour "Record Protection Equipment classified as to Fire and Impact Resistance." Insulation between drawers makes each drawer a separate, fireproof unit. Drill and pick resistant UL listed high security key lock (standard key lock on Turtle® files). Manufacturer's lifetime warranty on all parts.

**⚠️ WARNING: This product can expose you to chemicals including Silica, which is known to the State of California to cause cancer and Cadmium, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).**

Insulation is 100% gypsum, oven-dried to reduce moisture to less than 1/2%-eliminating dampness and mildew and is reinforced by a 1" x 2" lattice made of 14 gauge, galvanized welded-steel wire.

Field-replaceable steel panels are up to 50% thicker than other makes of fireproof files.

Finish is an environmentally friendly, electrostatic powder coating up to three times thicker than conventional painted files, applies to all sides, including bottom.

Drawer bodies are built with high sides for use with hanging folders no additional frames are required.

Drawer heads are formed of welded steel and filled with fireproof gypsum insulation.

Drawer LOCKS on all files provide general locking of all drawers through UL-listed high-security locks.

Drawer PULLS are surface mounted to allow for extra insulation inside the drawer heads.

Insulation between all drawers makes each one a separate insulated container.

Two-position drawer catch allows access to certain drawers while others remain locked.

Drawer suspensions are maintenance-free and guaranteed for life.

**Safco® Wood Adjustable Compartment Literature Organizers**

Keep classroom supplies and projects neat and organized. Shelves are adjustable or removable to customize the compartments to keep literature at hand for quick access. Cabinet is 5/8" compressed wood. Shelves form 9" W x 11-3/4" D x 2-1/2" H letter size compartments that are adjustable in 2-1/2" increments. Combine units with and without drawers for ultimate flexibility. 39-1/4" wide units may be stacked up to 3 high or up to 72 compartments. Black plastic molding complements finish. Labels included. Hardboard shelves have up to 15 lb. capacity. Solid fiberboard back. **Available in Gray and Medium Oak.**

Please specify color choice when ordering.

**Safco® Wood Mail Sorters**

Sturdy strength will help you sort! Sturdy Mail Sorters are made of compressed wood with adjustable hardboard dividers. Both the 18 and 36 Compartment Sorters have large slots to accommodate over-sized envelopes. Stack up to two high to increase sorting capability. Black plastic molding does double-duty, first as an attractive accent to the finish and second as a label holder for identifying the bins (labels are included). Durable laminate finish will compliment any setting. Solid fiberboard back provides stability for the unit.

**Classroom Select® Geode Series® Storage - Single Wide - 15"**

An engaging learning environment needs compelling teaching materials. Store your classroom needs in confidence with the Classroom Select® Geode Series®. Built like a rock with a durable 18-gauge steel frame and side panels available in 11 vibrant color options to make any room shine. Super heavy duty 4-inch zinc alloy locking casters provide smooth and reliable transportation. Select locking doors for added protection, because with the Classroom Select® Geode Series®, it's about what's on the inside. All units are shipped fully assembled. Choose from short, medium and tall height in single wide versions. Accessories compatible with short and medium sizes only. Push handles are available in single solid color only. Additional features include:

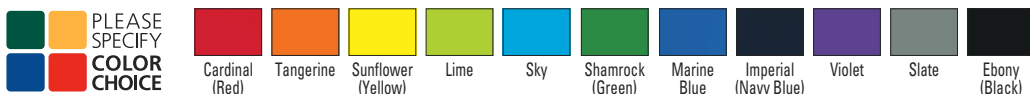

- Sliding tote trays, available in options of 3", 6", or 12" tall totes that are compatible with Classroom Select® desks Concord and Advocate Series®.
- Side panels feature rows of peg board perforations for increased storage potential.
- Durable steel shelving adjustable in 1" increments to fit your storage space needs. Combine shelves and totes on select units for a more adaptable solution.

**Classroom Select® Geode Series® Storage**

Create your own Geode Series® Lectern or Riser with a solid Geode Series® Storage base. First, choose your cabinet base with your choice of shelf or tote options to store your teaching materials. Select your top, the riser is a perfect option for a flat elevated surface for your storage base. The lectern is a great option for a slightly angled top for a perfect presentation tool for your classroom. A markerboard back would be a great solution to expand your presentation needs. Casters offer the flexibility of movement while glides keep your unit securely in place, you choose!!

**Standard Back**

### Quantum Storage Wire Utility Carts

Wire utility cart has swivel casters, shelves, and two ergonomically positioned U-shaped handles; suitable for sorting, storing, and transporting items. Wire shelves are made of welded steel and reinforced with wire trusses for strength. Shelves adjust in 1" increments to accommodate items of varying height. Four 5" polyurethane swivel casters with brakes on two of them for control and maneuverability. Four non-marking rubber donut bumpers help protect walls and furniture from damage. Has an 800 lb. per shelf capacity, total cart capacity not to exceed 1,200 lbs. Most sizes are available in Chrome or flat Black (42 in D available in chrome only.)

**Gratnells MakerSpace Trolley**

The Gratnells MakerSpace Trolley holds standard Gratnells trays on StopSafe runners, allowing easy and safe access to components. Side and back panels include industry standard peg holes and slots for wide range of accessories. Comes complete with three deep (F2) trays, 12 shallow (F1) trays, 12 mini bins (only available in green), roll holder, 5 single hooks and 5 double hooks. Heavy-duty lockable caster also included.

**Gratnells MakerHub Trolley**

The Gratnells MakerHub Trolley is a multi-functional resource trolley that promotes collaborative working in STEAM activities in the classroom. Magnetic whiteboards are instantly interchangeable – simply lift up and draw down to remove. All standard boards are held safely in place between steel guides on the recessed shelf. Four deep (F2) trays are included and can face either direction. Heavy-duty lockable casters also included.

**KC Bin Industrial Clip Shelving**

These open shelving units are ideal for economical, general purpose storage, allowing both light and free air flow to penetrate a storage areas. Standard side and back sway braces made from 12-gauge steel are used to stabilize open shelving units. Braces are punched to attach to upright posts with nuts and bolts.

The units shown feature Series 2000 medium-duty 20-gauge shelves for standard capacity requirements. Units have angle posts on both front and rear corners. Units ship ready to assemble and include all necessary hardware. Units come standard with 5 shelves (includes top and bottom). Order one starter unit and the balance as adders to make up row of shelving.

Shown with optional extra shelf

**KC Bin Rivet Wedge-Lock Steel Shelving**

These Rivet Wedge-Lock Steel Shelving units have a greater shelf area than standard units, making them ideal for storing large or odd-sized items. The wide range of shelf sizes and capacities, combined with the option of adding extra shelves, allows you to design the bulk shelving system that best meets your needs.

Units feature 14-gauge heavy duty angle and heavy-duty T-posts. Heavy-duty beams are used full perimeter at all levels on bulk units. Beams are punched to accept front-to-rear supports supplied with units 36" and 48" deep. Units are available with framing only and ship ready to assemble. Order one starter unit and the balance as adders to make up a row of shelving **5/8" particleboard deck sold separately.**

# facility furnishings

## KC Bin Lockers

Lockers feature heavy 16-gauge steel doors mounted in welded frame assemblies for strength and durability. Reliable recessed handle and proven latching system ensure maximum security, while louvers provide ventilation. Lockers are conveniently available in pre-packaged, 1-wide and 3-wide groupings. Lockers include 6" legs for an overall finished height of 60" or 78". Some assembly required. Additional 5 and 6 High Box units available online.

All sizes available as Quick Ship in Classic Tan or Dove Gray.

## BOSTITCH®

### Bostitch® Stowaway™ Folding Utility Cart

Storage space is the number one user issue with current cart designs. Our Bostitch® Stowaway™ Folding Carts have a patented folding design that stores away in 4x less space! An optional wall mount bracket allows for easy storage behind a door or in an open space. It folds and unfolds in a fraction of a second with secure safety locks for the strongest durability. Dual shelves provide 1300+ square inches of storage space and can hold up to a massive 500 pounds of storage capacity. Durable chrome finish for easy cleaning and lifetime durability with six, medical style no-mar swivel wheels for quiet operation and easy maneuverability.

**ZKTeco Metal Detectors**

ZKTeco Metal Detectors create an extra layer of security for your school, office, stadium or venue. The handheld metal detector is the perfect solution for providing rapid and accurate scanning without body contact. All walk-through units have sound and LED alarms on both sides, which clearly indicate where metal is detected by zone. Each zone can be adjusted for sensitivity based on security needs. All units are easy to assemble and automatically counts people and alarms. These units are created for secure operation and are designed to run self-diagnostics and re-calibrations with each power-on; only authorized personnel can access the control panel.

- **Portable Walk-Through:** the security industry's only foldable walk-through metal detector which includes built-in rollers and a 40-hour rechargeable battery
- **18 Zone:** sensitivity for each zone is adjustable from 0-255, 5.7" LCD screen and infrared remote control.
- **33 Zone:** sensitivity for each zone is adjustable from 0-300, 5.7" LCD screen, infrared remote, wheel accessory set compatible.

LEXI Lockdown™

The LEXI™ Lockdown offers enhanced safety and security in larger multi-door spaces. While the multi-door lockdown lock functions as an everyday passage lock in the day, the exit devices can be deadbolted in case of an emergency. The intruder defense system signals green, white, and red to easily distinguish the lock's status from afar. The LEXI™ trim retrofits all major manufacturers, allowing for a consistent and sleek aesthetic exterior lever. The Controller and Power Supply integrates with LEXI™ lockdown stations and requires 100V AC. The LEXI™ Lockdown is 100% code compliant and focuses on the life, safety and security of the occupants inside the room.

Download the App

**Preparing for the unexpected is simple with the Mobilize Rescue System!**

Sudden cardiac arrest represents 0.5% of the major emergencies that occur each year, which is why approximately 5 - 10 million AEDs have been installed worldwide. But what about the other 95.5% of medical emergencies? With an estimated 30,000 preventable traumatic deaths taking place each year, you need to be ready to manage traumatic injuries. The Mobilize Rescue System is the only interactive trauma and first aid system capable of helping untrained bystanders assess, manage, and monitor a spectrum of medical emergencies according to the protocols and best practices of the American Heart Association (AHA), Tactical Emergency Casualty Care (TECC), and the American College of Surgeons.

The Mobilize Rescue System includes instructions and supplies to manage severe bleeding, cardiac arrest, seizures, choking, chest trauma, hypothermia, burns, and more (around 80 medical emergencies) - all while the ambulance is en route.

The supplies in the Mobilize Rescue System are conveniently labeled and organized to match the instructions in the Mobilize Rescue app (each item is color-coded and numbered). The straightforward organization makes locating supplies easy, saving valuable time during an emergency. Mobilize will send out monthly email reminders for you to verify that your medical supplies are up to date and the technology is properly maintained (so that you can replace products that have expired and ensure you have properly charged your unit). We will also send an email to alert you when new app features become available, or medical protocol updates have been made to reflect the most current medical best practices.

**Mobile Rescue Unit  
Convenient & Reliable  
New Trauma & Medical  
Emergency Technology!**

The Mobile unit is an easily transportable, interactive trauma and medical emergency response system that uses a diagnostic app to help untrained bystanders assess, manage, and monitor severe bleeding, cardiac arrest, chest trauma, seizures, overdoses, and more - all while the EMS is on the way. ANSI Class A kit

## UltraSite UltraCoat™ Thermoplastic Picnic Tables

Five layers of protection, including a thermoplastic powder coat finish (available in eight colors), provides nearly indestructible protection against the elements including rust and fade due to UV light and scratches. The smooth gloss finish is easy to maintain and the diamond pattern in the steel looks great. The table features a popular walk-through design and has a black base. Other options are available, please contact your School Specialty Representative.

### Bison® Playtime Standard™ Playground System

The Bison Playtime Standard Playground System has a steel base with a white powder-coated, heavy, tubular steel frame and built-in non-marring wheels. The playground system is adjustable in 6" increments from 6 1/2" to the overall 8' height. The official sized 5/8" steel rim is mounted on a 3' x 4' molded graphic backboard. The standard playground system is not designed for aggressive competitive play, but for more controlled after-school physical education classes or shooting practice. Kid-safe padding is included.

Item #	Description	Backboard Size	List Price
6-015226-670	Bison Playtime Standard	48 W x 36 H in	\$3,260.95

### Bison® QwikChange™ Portable Playground System

Bison QwikChange Portable Playground System has popular playground features at a popular price. Heavy galvanized 3 1/2" steel pole. 36" x 48" molded graphite backboard and flex goal adjusts from 7 1/2' to 10' in 6" increments. QwikChange design requires only a pole to change height from the ground. One year limited warranty. Factory installed 350 lbs of ballast. Built-in transport wheels.

**UltraPlay® Systems Whirl and Twirl**

The Whirl & Twirl spinner bowl encourages social interaction as one child rides while the other spins them around. The tilted design increases spinning momentum, and helps individual children use the product without having another person spin them. Drain holes help prevent standing water, and the rounded lip allows children to hold on during use as well as aiding in transition in and out of the bowl.

Item #	Use Zone	List Price
6-2010571-670	15 ft 7 in x 15 ft 7 in	\$1,694.95

A PLAYCORE Company

**UltraPlay® Systems Climb and Discovery Cave**

Children will discover new nature details each time they play on the Climb & Discovery Cave as they encounter mushrooms, iguanas, salamanders, ants, birds and more. Ages 2-12. Large openings offer crawl through points and allow for easy interior supervision. Professional hand holds available in 2 color schemes. Use Zone 20 x 21 ft.

### Action Play Systems GaGa2Go Pit

The Action Play Systems GaGa2Go Ball Pit provides students with indoor or outdoor exercise and fun. This kit includes 16 border panels that interlock to create a 20-foot pit. Assembly is fast and easy; no hardware is needed. Durable recycled plastic construction is lightweight so kids can assist with setup and storage. Panels nest when stacked to take up minimal space in your school. Lightweight and portable for indoor or outdoor use. Interlocking panels are easy to assemble and break down panels nest for compact storage. Includes a one-year limited warranty.

Item #	Description	Product Dimensions	Age Range	List Price
6-2089136-670	Gaga Ball Pit - 20 Feet	236 W x 240 D x 30 H in	5+ Years	\$2,298.95

### Action Play Systems GaGa Pits

Offering three sizes of modular kits for indoor or outdoor use. Each kit comes complete with stanchions and borders as well as a standard ADA gate for entry to create the GaGa Pit. Each wall of the pit is constructed of 4" sections of double stacked borders resulting in side panels that are 28" high. This allows for maximum ball rebound and easy pit entrance and exit. Our design keeps the pit panels raised 4" for easier pit cleaning of debris.

Item #	Description	Product Dimensions	Age Range	List Price

### Action Play Systems Border and Spikes

Action Play Systems offers the highest quality playground border in the industry. APS playground borders are 4' 4" long, 4" wide and available in either 8" or 12" heights. Our 8" high playground borders are perfect for Early Childhood environments, or when using rubber mulch and when only a 6" depth of loose fill surfacing is required. The 12" high APS playground border is perfect for all other applications. Offering a 10-year limited warranty, our product is designed to take the place of wood timbers and offers a permanent, maintenance free solution.

**TFH USA Bubble Wall**

The 60" Bubble Wall is a great way to save space especially in a sensory room. The speed of the bubbles can be controlled by a switch controller. The bubble wall is used to create a relaxing and stimulating visual experience. Distilled water is needed (not included). Wall mount only. Adult supervision at all times.

**TFH Infinity Bubble Wall**

The Interactive Bubble Wall is a very common piece of equipment in sensory spaces. The bright and lively colors of this interactive controlled bubble tube offer a relaxing and stimulating visual experience. Confidence builds with the ability to manipulate the range of color options and speeds. Distilled water is needed (not included). Adult supervision at all times.

**Experia® USA Bubble Wall**

The Bubble Wall is an excellent addition to any multi-sensory space with hundreds of bubbles flowing steadily upwards while its colors slowly change. It's wall-mounted and is ideal for use in areas where space might be an issue. Adult supervision is required. Ages 3+.

**Experia® USA Interactive Fanlite**

The Interactive Fanlite is a great way to encourage vocalization! Speak and you shall see! This Interactive Fanlite is the ultimate in cause and effect and a perfect sensory tool for those with sensory, cognitive, or speech challenges. As you vocalize the fan lights up its magnificent colors. The Fanlite uses LED technology to provide crisp, bright colors which can be controlled in eight different modes: three automatic and five that are activated by sound. Features sensitivity and speed controls, an internal microphone, and socket for external microphone. Adult supervision required. Ages 3+.

Superactive Bundle

IRIS Bundle

Superactive Dual Controllers

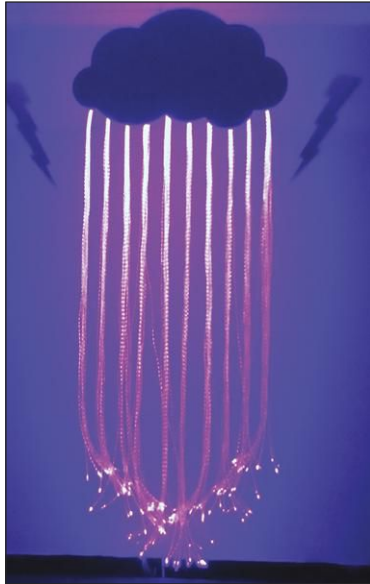

**Experia® USA Fiber Optic Bundles**

These units are great for schools, hospitals, nursing homes, or almost any environment. Wonderfully tactile, the fiber optics can be laid across a person's lap to create a close, hands-on experience. Fiber Optic Bundles can be used to calm and relax or stimulate depending on the model chosen. If the controller is left untouched for five minutes (Superactive models), the light source goes into "calming" mode, slowly changing through a rainbow of colors. This mode can be used for relaxation or de-escalation for individuals with Dementia and Autism. Dimensions of fiber optic strands: 78" x 150 strands Dimensions are approximate. Adult supervision required. Ages 3+.

6-2028713-670	3-6 with Desktop	\$1,208.95

### Bouncybands®

Bouncybands® help students wiggle while they work! By resting and bouncing feet while sitting, the user can release extra energy and anxiety, increase focus and be more productive. The heavy-duty bands stretch between chair legs 13"-18"W and table legs 20"-28"W to help children, teens and adults fidget without distracting others. Bands made for Middle School and High School chairs stretch between chair legs 17"-24"W. The super strong plastic support pipes are the perfect height (4"H for chairs and 8"H for tables) and keep the bands from sliding down to the floor.

**Deep Storage Trays**

These deep storage trays are designed to neatly organize all your letter-sized handouts, booklets, and papers, yet deep enough to hold a variety of small items. The bright colors are ideal for STEM or STEAM organization. The easy-to-grip comfort edges are perfectly sized for big and small hands. Made of nonporous plastic, these trays are dishwasher safe and drop resistant. The translucent lids sold separately make these trays stackable and protect their contents.

Faucet Adapter

**Jonti-Craft® Clean Hands Helper Portable Sinks**

Set up a portable hand washing station without plumbing! Encourage hand washing habits and help keep everyone healthy while meeting licensing requirements. Water is heated by the tankless, on-demand water heater. The water pump has a flow rate of up to half a gallon per minute. The tank for the non-potable clean water holds five gallons while the waste water tank holds six gallons. There is a catch tray under the tanks. Mistake-proof connectors means the clean and waste water tanks cannot be inadvertently switched. Plastic and stainless steel sinks are available, and are approximately 5" deep. Power switch inside the cabinet and openings for cord management.

**Children's Factory® Big Screen Panels**

These panels can serve a variety of purposes in any classroom, preschool, or nursery. Great for creating a quiet space for rest time, building discovery, activity centers, and dividing rooms. Panels are durable and easy-to-clean. Double claws create flexible hinges to link panels together and allow for foldable storage. Panels can be used horizontally or vertically and each panel measures 47-1/2"W x 59-1/2"H. Set includes molded, weighted, plastic cantilever legs to ensure stability. Order one set of PlayPanel cantilever legs for every 3 single panels. Single panel is available in blue, green, yellow, or red please specify color when ordering.

PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS: UL.COM/SGG UL 2818

Single Base Extended Height w/Clear Rails

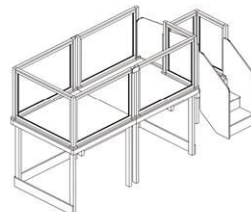

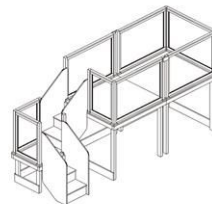

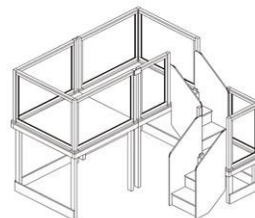

**Childcraft® Lofts**

Lofts are constructed of all-birch panels and solid maple. Steps feature deep 10" treads, high handrails, and clear panels or slats so children are visible. Available in single base option or double base option which has a fully-carpeted top surface. Headroom under standard height loft is 38-5/8" and is 52-5/8"H under extended height loft with overall dimensions of 9' 8" W x 7' 6" D for either. 10' ceiling height recommended for extended height loft. A Loft Height Extending Package is available only for the double base loft and will convert it to an extended height version.

**Assembly required.** Hardware and instructions included.

### Classroom Select® T-Mold Activity Table with Standard Legs

Our most popular classroom table offers a wide variety of sizes, laminate colors, T-Mold edge banding, and upper leg colors. Tables have a 1-1/8" particleboard core with high pressure laminate top. Tables 60" or longer have a 20-gauge galvanized steel stretcher bar permanently attached to the underside of the top to prevent sagging. Tables are height adjustable on 1" centers from 22" to 30" or 15" to 25". Available with an optional black metal book box, approximately 15" W x 11" D x 4-1/2" H, sold separately. Easy to install tote rail system available for your storage needs, sold separately. **Quickship available for indicated shapes and sizes in Bannister Oak, Gray Nebula, Fusion Maple, Nepal Teak, or Royal Blue laminate, with Black or Titanium edge in your choice of any leg height and color.**

**24-hr Quickship** available for items 1334849, 1334853 and 1334851 with Gray Nebula or Bannister Oak Tops and Black T-mold edge, in your choice of any leg height and color. Quantities not to exceed 10 each. Applies to orders containing 24 hr quickship items only.

### More Shapes and Options Available Online

### Classroom Select® LockEdge® Activity Table with Standard Legs

Cafeterias, libraries, and meeting rooms all require tables in different sizes, colors, shapes, and heights. Tops are constructed of a 1-1/8" MDF core with high pressure laminate surface, balanced with a phenolic resin backer sheet. The top is finished with a colored LockEdge® and black upper frame. Chrome leg inserts create tables that are height adjustable on 1" centers from 22" to 30" or 15" to 24". Available with an optional black metal book box, approximately 15" W x 11" D x 4-1/2" H, sold separately. Various caster options available upon special request. **Quickship available for indicated shapes and sizes in Bannister Oak, Gray Nebula, Fusion Maple, Nepal Teak, or Royal Blue laminate, in your choice of any leg height and color.**

**Classroom Select® Activity Table with Apollo® Legs**

Combining contemporary looks, functionality, and flexibility creates an ideal learning environment for student collaboration and interaction. Featuring the Apollo® leg, designed with 2" round, 17-gauge steel, available in 11" to 17", 15" to 25", and 22" to 30" adjustable height ranges and a variety of colors. Table legs come standard with nylon glides. Table tops are constructed from a 1-1/8" particleboard core with a high pressure laminate surface. Tables 60" or longer have a 20-gauge steel stretcher bar underneath the top for added structural strength to prevent sagging. A quick-set leg system offers easy installation and assembly. Available with an optional black metal book box, approximately 15" W x 11" D x 4-1/2" H, sold separately. Also add the Classroom Select® Technology Basket for a simple storage solution for up to 14" laptops or tablets. Easy to install tote rail system available for your storage needs. Locking caster options available. **Quickship available for indicated shapes and sizes in laminate colors of Bannister Oak, Gray Nebula, Fusion Maple, Nepal Teak, Royal Blue, or Markerboard with Black or Titanium T-Mold edge, or Black LockEdge® in your choice of any leg height and color.**

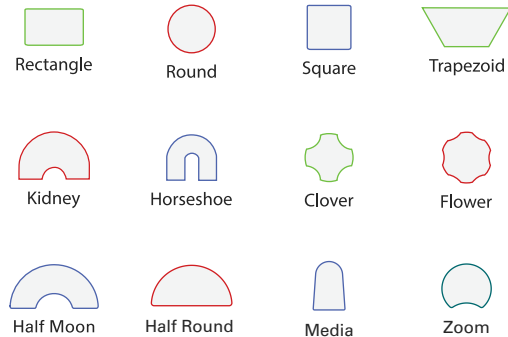

Features 2" round, 17-gauge steel Apollo legs

**24-hr Quickship** available for items 1496659, 1496663 and 1496678 with Gray Nebula or Bannister Oak Tops and Black T-mold edge, in your choice of any leg height and color. Quantities not to exceed 10 each. Applies to orders containing 24 hr quickship items only.

Cube Chair Tray with Yellow Cube Chair

Set of 4 - Assorted Primary

## Vidget® Flexible Seating System

This unique design provides an active seat, a stool, and a desk in one! Designed to let students safely release energy in order to improve attention and focus, these seats will not tip backward when students rock. Fidgety fingers naturally find the side handles with sensory bumps that provide tactile input to improve calmness. Seats are lightweight, durable, and easy to clean. They also nest to allow for multiple layouts in collaborative spaces and compact storage. Colors vary by size.

## Children's Factory® Cube Chairs

The versatile Cube Chair can be used in a variety of ways. First, use it as a chair with either a 6-inch or a 9-inch high seat. Then flip it over and use it as a 15-inch high table or a seat for adults.

Standard Activity Center with Clear Trays

Dry-Erase Panel with Translucent Color Trays

### Childcraft® Collaboration Multi-Purpose Table

This mobile collaboration table is great for a wide range of activities and is available in two heights. Included removable building base top is available with preschool or standard sized grids. Without the building base top, the large surface is ideal for building blocks, puzzles and construction play. A raised edge along the top keeps pieces from sliding off the table. Cubby spaces fit trays sized 11"W x 16"D x 6"H. Bricks sold separately. Grid colors can vary. Assembled.

Item #	Description	Top Height	List Price

6-2006092-670	With 12 Translucent Trays	27-5/8 in	\$1,419.95

### Childcraft® Dual-Sided Building-Brick Activity Center

This dual-sided activity center is convenient for multiple kids to collaborate and use their imaginations! Choose from standard panels for standard bricks or preschool panels for large bricks. The reverse side has a magnetic dry-erase board. Cubby spaces fit trays or baskets sized 7-3/4" W x 12" D x 5-1/4" H. Bricks sold separately. Assembled.

# easy, efficient ordering

another example of best total value™ at work

## DELIVERY OPTIONS

Most orders ship within four to six weeks. Please allow an additional two weeks in the summer due to back-to-school volume.

You can specify a delivery date, including the earliest and latest date for your order delivery.

## SHIPPING & HANDLING CHARGES

Shipping and handling is to be applied individually to parcel and truck/freight portions of the orders. Mixed orders must be subtotaled individually and appropriate shipping and handling charges are to be applied. For example, if an order totaling \$150 is placed and \$75 is parcel (items with a prefix of 5 or 9), then shipping and handling will apply for the parcel portion according to the policy for the item prefix number. The truck/freight shipping and handling charges will apply to the balance.

## THE FIRST NUMBER IN YOUR ITEM CODE TELLS HOW YOUR PRODUCT SHIPS

Simply look at the item number to determine the method of shipment. Use the graphic that is located at the bottom of each right page to help you determine how your products will ship. Items beginning with 5 or 9 ship via parcel and items beginning with 6 ship via freight.

Please be sure to include color, size, fabric, and frame finish to avoid delays on furniture and equipment orders!

## EASY TERMS FOR NEW ACCOUNTS

Send a full credit application (located next to the order form) and a check to expedite your first order. For individual orders, we accept Visa, MasterCard, American Express, Discover, or checks (no cash, please).

Sales tax – Please include sales tax for all sales using credit cards or personal checks.

Payment terms – All items shipped and billed are due for payment within 30 days of our invoice date.

## CURRENT PRICE & PRODUCT INFORMATION

Although we intend to maintain prices during the life of this catalog, we reserve the right to revise prices, limit quantities and correct printing/pricing errors at our sole discretion. If a product is displayed or described inaccurately, we will attempt to notify you before processing your order.

## RETURN POLICY

When returning merchandise, it is necessary to contact School Specialty to obtain a return authorization. Furniture returns must be requested within 30 days of order receipt, and freight damages must be reported within 48 hours of order receipt. Please visit [Select.SchoolSpecialty.com](http://Select.SchoolSpecialty.com) and review the complete return policy in order to make this process go as smoothly and quickly as possible.

## IMPORTANT TIPS FOR RECEIVING YOUR ORDER

1. Count your cartons and only sign for those received. If you experience a shortage, note it on your packing slip and call our Customer Care Advocates.
2. Immediately inspect for external and internal/concealed damage. If you notice damage, keep merchandise and shipping cartons and notify Customer Care within 7 days of receipt of your shipment. (Carriers will not honor claims if it has been more than 7 days since your shipment has been received.)
3. Locate and review your packing list.
4. Open "mixed" cartons, being careful to prevent discarding smaller items or hardware along with packing materials.
5. Record any errors on the packing list and call Customer Care at 1-888-388-3224 with discrepancies.

## The first number in your product code indicates how your product ships

Simply look at the item number to determine the method of shipment. Use the graphic below that is located at the bottom of each right page to help you determine how your products will ship.

SHIPPING & HANDLING		
Item Prefix	Shipment Type	Charge
5	Parcel or Truck	\$9.95 minimum or 15%
9	Parcel	\$9.95 minimum or Free for orders over \$49*
6	Truck/Freight	\$99 minimum or 15%*

We reserve the right to determine the method used to fulfill your order and special orders may incur additional shipping and handling fees. Special orders include, but are not limited to "hazardous material" deliveries and additional charges may apply. Inside delivery and lift gate delivery are now FREE. Delivery fees are subject to change without notice.

\*Some exclusions may apply. For our detailed shipping and handling policy, see page 383.

# SHIPPING & HANDLING • PRICE & PRODUCT INFO WARRANTIES • RETURN POLICY

## SHIPPING & HANDLING

### ITEMS SHIPPED WITHIN THE CONTIGUOUS 48 UNITED STATES

#### Items with a 9 prefix ship Parcel

- Free shipping and handling on orders of \$49 or more. Free shipping calculation is based on the subtotals of items with 9 prefixes, after any additional discounts are applied. For subtotals less than \$49, the shipping and handling charge is \$9.95.

#### Items with a 5 prefix ship Parcel or Truck

- Shipping and handling charges are 15% of the subtotal of the items with 5 prefixes, after any discounts are applied, with a \$9.95 minimum charge.

#### Items with a 6 prefix ship Truck/Freight

- Shipping and handling charges are 15% of the subtotals of the items with 6 prefixes, after any discounts are applied, with a \$99 minimum charge. If the subtotal is greater than \$1,000, please call 1-877-350-0645 or email [freight\\_quote@schoolspecialty.com](mailto:freight_quote@schoolspecialty.com) for a freight quote.

Now **FREE** inside delivery.

Now **FREE** lift gate delivery.

### QUICKSHIP LEAD TIME

Furniture items with a QUICKSHIP icon in front of the item number will ship as specified.

**Important:** Orders that contain both quickship and non-quickship items will default to the standard lead time.

### ITEMS SHIPPED TO ALASKA & HAWAII

Important changes to our Alaska and Hawaii shipping policy are now in effect. Please visit [Select.SchoolSpecialty.com/er-shipping-policy](http://Select.SchoolSpecialty.com/er-shipping-policy) for detailed information.

### SPECIAL DELIVERY REQUESTS

Call Customer Care for quote:  
1-888-388-3224.

### ADDITIONAL NOTES ON ITEM LEGENDS

Some items are noted with alpha codes and have the following shipping and handling requirements:

#### Item Number Legend:

N — Non-Discountable

H — Hazardous: Contains hazardous material, will incur an additional charge

L — Live Material Coupon; pre-paid coupon that must be redeemed to receive materials, additional charges apply.

#### Additional Shipping Charges for Hazardous Materials (ships via truck):

1-3 Items	\$25.00
4 or more items	\$75.00

#### Additional Shipping Charges for Live items:

1-3 Items	\$12.50
4-5 items	\$22.00
6+ items	\$30.00

### ITEMS SHIPPED INTERNATIONALLY & TO U.S. TERRITORIES

- Call Customer Care for quote:  
1-419-589-1425.
- Delivery times and methods vary based on location and order.

### ADO/FPO/DPO

- Shipping and handling rates follow contiguous 48 shipping policies.
- Orders are shipped using U.S. Postal Service via Standard Post.
- Individual items that exceed shipping size restrictions for the U.S. Postal Service will require an alternate physical shipping address and may be subject to additional fees.
- Contact International Customer Care at 1-419-589-1425 for further information.

### Additional information regarding shipping, handling and surcharges

Delivery fees and terms are subject to change without notice. For current information about shipping and handling, please visit [Select.SchoolSpecialty.com/er-shipping-policy](http://Select.SchoolSpecialty.com/er-shipping-policy) or call Customer Care at 1-888-388-3224. We reserve the right to determine the method used to fulfill your order and special orders may incur additional shipping and handling fees. We also reserve the right to impose a fuel surcharge as conditions warrant. Standard delivery terms shall be F.O.B. origin. Ownership and title shall pass to Buyer when products are delivered to Carrier unless otherwise agreed to in writing.

## CURRENT PRICE & PRODUCT INFO

Although we intend to maintain prices during the life of this catalog and on our website, we reserve the right to revise prices, limit quantities and correct printing/pricing errors at our sole discretion. If a product is displayed or described inaccurately, we will attempt to notify you before processing your order.
