

NEW ARRIVALS

3/4 IN A/C Easy Tee Kit #99735

A/C Easy Tee is a simple and effective condensate drain service port that makes it easy to comply with IMC 307.2.5. Never cut condensate lines again. Flush blockages using nitrogen, water or a shop vac without valves or moving parts that can fail. This kit allows the technician to close off backflow creating full discharge of water or nitrogen to clean out the drain line. It can also be used with a wet/dry vac to suction dirt, debris, and gunk out of a primary drain pan.

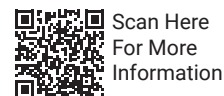

- Simple, inexpensive way to comply with the International Mechanical Code M32-12
- Provides a Condensate Drain Service Port that is flexible and easy to use with nitrogen, water, or shop vac.
- No valve or moving parts that could fail.

Edge-X Knife Sharpener #99731

The perfect pocket-sized sharpener for shaping and maintaining a razor-sharp edge on all your outdoor and kitchen knives. The pivoting X-base folds out to improve safety and stability during sharpening for a more precise edge. Set at a universal 22-degree angle, the coarse tungsten carbide bits reshape a dull blade quickly, while the fine ceramic rods finish the blade to a razor's edge. The rubberized TPR finger hold ensures a non-slip grip and four 3M® rubber foot pads secure the X-base to most any flat surface. After use, the Sharp-X folds down flat for storage.

- Coarse carbide to grind down rough edges and remove damage from the blade.
- Fine ceramic to hone the blade and produce a sharp edge
- Heavy-duty construction
- Replaceable sharpeners
- Nonslip thumb grip
- Compact size

BEST FEATURED ITEMS

Bemis Toilet Seat w/ Sta-Tite Check Hinges

#62147

This heavy-duty elongated open front seat is ideal for any commercial application. Made from durable plastic, the seat resists chips, wears, and stains. The Stay-Tite Commercial Fastening System™ cuts installation time by one third and prevents toilet seat loosening.

pg. 6-13

- Commercial-grade, heavy-duty plastic
- Check hinges prevent the seat from going 11° beyond vertical
- 300-series stainless steel posts and pintles resist corrosion
- Color-matched bumpers and hinges
- Fits most manufacturers' elongated toilets
- Made with eco-friendly materials and processes

Solder Joint Repair Clamp Kit #99153708

This kit contains one of each: 1/2", 3/4", 1", 1-1/4", 1-1/2", 2", 2-1/2", 3" and 4" solder joint repair clamps and comes in a heavy-duty BPS branded carrying bag. pg. 1-26

Dry Lime Solv #98656

Removes hard water scale deposits, rust, algae, urinary salts, stains in coils, condensers, toilets, urinals, heat exchangers, AC and refrigeration equipment, piping, bricks, cement, tile & marble. Fast working & economical. Safer to handle than liquids. pg. 19-3

ACTIVE INGREDIENTS: Sulfamic Acid

Flush Valve Pipe Stabilizer #99453965

This 1-1/2" pipe stabilizer uses two clamps attached to the vertical and horizontal discharge pipes with a solid connector joining them to reduce the vertical and horizontal movement of the flush pipes and prevents separation from the slip joint elbow. It is quick to install without any disturbance to existing piping! pg. 7-120

Pro45H Ultra Quiet Fill Valve

#58208

The PRO45H Toilet Fill Valve features a shank design that offers ultra-quiet operation and minimal water hammer. Fully adjustable height from 9" to 14" to fit most tanks and all brands. Installation is fast and simple to get your toilet running perfectly. The PRO45 fill valve is a code approved, anti-siphon design.

pg. 6-23

- Eliminates toilet noise
- Enlarged and easy to turn tank water level adjustment dial to save water
- Minimal water hammer

Quarter Turn Diverter Tub Spout

#99153802 1/2" and 3/4" w/ Threaded Connection

#99153911 1/2" w/ Slip Connection

This drip-free diverter tub spout features a quarter-turn brass ball valve for complete and positive shutoff. Threaded version is available with sleeve adapter to convert from 1/2" to 3/4" to fit male pipe thread.

pg. 8-2

- Universal use
- Die cast fixture with plastic connection.
- Chrome finish

Safety Foam Earplugs

#99884 (BX/200 PR)

Earplugs feature a tapered design for easy insertion. Smooth, non-allergenic, polyurethane formula is soft and comfortable. pg. 20-2

- Self-adjusting design exerts very little pressure on the ear canal.
- Vibrant blue color make compliance checks easy.
