Save Money by Choosing Bins Easy to Service *Summit & Uptown*

- The Summit Series is built for form and function made from durable materials such as powder-coated steel. The matte finish reduces the visibility of fingerprints while the lead-in embossed lids offer restrictive openings to assist in stream differentiation and increased diversion rates.
- The Uptown Series is the perfect high-capacity, centralized outdoor recycling & waste station. The Uptown performs very well in low & high temperatures and has excellent chemical resistance with front door access for servicing.
