

The smartest web filter just got smarter!

ProxyGuard™

Discover a revolutionary feature that utilizes real-time AI to recognize and block proxy sites students use to bypass your current content filter, such as:

- Doge
- Shuttle
- Interstellar
- Rammerhead
- Croxy
- Abyss
- Astroid
- And more...

What makes Deledao the smartest filter?

- **InstantAI™**
Evaluate, blur, and block content as it loads in real-time instead of relying on pre-categorized websites and keywords.
- **MediaMonitor™**
Screen online images and videos frame by frame to blur and mute inappropriate content.
- **GameChanger™**
Analyze mouse and keyboard movements and catch the trickiest games.

Who we are

Founded in 2019 by Silicon Valley veterans and proxy filtering technology pioneers, Deledao addresses digital distractions in education. Initially focused on K-12 content filtering, Deledao's real-time AI solutions now encompass student safety and classroom management, serving institutions worldwide.

M. Robins, Westminster (CA)

"I had no plans to change my old filter, but I saw Deledao at the live content filter competition and thought it was the best one! Its real-time AI is truly impressive. Now, my 25 IT staff serving our students across 17 schools can allow access to more educational resources with a superior filter."
