#### **I. About AEPA**

Welcome to this [Association of Educational Purchasing Agencies \(AEPA\)](#) solicitation. AEPA is a unique school procurement consortium established in 2000 and incorporated in 2007 under the state laws of Nevada. We are a consortium of non-profit public agencies representing thirty-one [\(31\) states](#). We joined to issue simultaneous Invitations for Bids (IFB), or Request for Proposals (RFP), generating sales for vendor partners in all fifty (50) states. AEPA's mission is to cooperatively serve our members through a continuous effort to explore and solve present and future purchasing needs. Our goal is to secure multi-state volume purchasing contracts with benefits for our public members that are measurable, cost-effective, and exceed members' expectations for customer service and value. AEPA is committed to accomplishing this mission lawfully and ethically, using leading-edge technology and contemporary business practices.

The advantage for vendors to work with AEPA is that you respond to one bid or proposal that is legally performed across as many as 31 states, which have the potential to sell nationwide. You are working with up to 31 agencies with a long and trusted history with their public membership. Through our partnerships, AEPA vendors have access to thousands of public agencies across the country. We are a billion-plus-dollar procurement group through our current awarded vendors and are growing.

AEPA designates one Member Agency per state that is operating legally under the rules and regulations of that state. Any additional agencies that wish to participate will negotiate with the authorized Member Agency and participate through them in a way they mutually agree is not in conflict with AEPA procedures. The Member Agency will be the only agency allowed to represent that state at AEPA and will be the only communication link between AEPA and that state.

Each Member Agency, along with the awarded Vendor Partner, represents, supports, and promotes AEPA contracts within their respective state. While the consortium was initially created to support educational entities, the Member Agency for each state determines which public entities (higher educational institutions, cities, counties, townships, states, etc.) can utilize the competitively solicited contracts. Participating entities may include Public and Private School Districts, Educational Service Agencies, Intermediate School Districts, Higher Education Institutions, Federal Agencies, State Agencies, Local Public Bodies, and Nonprofit Non-Public Corporations, Organizations, other entities contracted to conduct business on behalf of a participating entity provided they are required to follow member state and local procurement regulations, etc. that have authorizations to utilize AEPA Member Agencies' Awarded Contracts.

AEPA has an elected President, Vice President, Secretary, and Treasurer. Operations are overseen by the Executive Director. Solicitations are overseen by the Director of Solicitations. The AEPA Board representing member states meets twice per year and operates otherwise through a sophisticated committee structure.

## II. General Terms and Conditions for All Agencies

***For the purposes of this Solicitation, the following terms must be defined as indicated below, and constitute the general terms and conditions for all AEPA Member Agencies:***

**Administrative Fee:** The percentage of sales that each Vendor Partner pays the Member Agency for sales in their respective state or states that they extend AEPA pricing to. Administrative Fees must be paid to each Member Agency quarterly. Administrative fees may not exceed 2% based on volume sold net of shipping, sales and government fees.

**Advertising:** Vendor Partner must not advertise or publish information concerning this contract prior to the award being announced by AEPA Member Agencies. Once the award is made, the Vendor Partner may advertise to the individual Participating Entities that products/services are available. Vendor Partner must submit ad copy to the AEPA Member Agency for review and approval prior to issuing the advertisement.

**AEPA Bi-Annual Meetings:** AEPA holds two general meetings each year: one in the Spring (usually in April or May) and the other in the Winter (usually in November or December). AEPA requires that all successful contract holders attend both meetings and participate in the vendor engagement activities at the Spring meeting. AEPA requests that all vendor partners register in advance and stay at the AEPA official hotel if rooms are available. All registrations for the meetings are required by the official registration due date as announced by AEPA.

**AEPA Member Agency:** Refers to the entities identified in the table in Part I of this document who are approved as AEPA members. Member Agencies participating in a particular category are listed in Part A – IV. Specifications, Item 2: Anticipated Member Agency Participation. "Direct or Indirect Participation" may include their involvement through the formulation of any part of a procurement activity; the influencing of the content of any term, condition and/or specification; the evaluation, investigation, auditing and/or the rendering, of advice, recommendation, decision, approval, disapproval and the award and implementation of procurement contract. Not every listed entity may elect to participate in a solicitation once the responses are reviewed and approved.

**Affirmative Action:** An Affirmative Action Plan, Certificate of Affirmative Action, or other documentation regarding Affirmative Action may be required by AEPA Member Agencies. Vendors must comply with requirements and/or requests for information regarding Affirmative Action by Member Agencies.

**Amendment of Solicitation:** A solicitation may be amended up to the time of opening.

### **Appeal:**

1. **Initial Contact with Category Committee:** A Respondent desiring appeal of a decision regarding a solicitation or a contract recommendation shall first address, in writing, the appropriate Category Committee. The Category Committee, in collaboration with the Director of Solicitations, will determine an appropriate resolution to the appeal. In addition, the Executive Director and Solicitations Committee will act as advisors in the appeal process.
2. **First Appeal to President:** If the issue appeal is not satisfactorily resolved, it may be submitted to the President of AEPA to determine if the appeal can be satisfactorily resolved or should be presented to the Board.

**Applicable Law:** The laws of the state of the respective AEPA Member Agency must govern any resulting contract of this solicitation. Suits pertaining to this contract may be brought only in courts in the County and State as prescribed by the AEPA Member Agency. Both parties agree that the Uniform Commercial Code, as adopted by the State of the AEPA Member Agency, must fully apply. The Vendor Partner must comply with any and all laws, whether local, state, federal or otherwise, applicable to any aspect of the work to be performed in relation to the resulting contract. It must be the Vendor Partner's responsibility to identify, make themselves aware of, and determine the applicability and requirements of any such laws and to abide by them.

**Approval and Awarding of Contract:** AEPA and its AEPA Member Agencies reserve the right to approve and award a contract to one Vendor Partner, to make multiple approvals and awards, to reject any or all offers in whole or in part, to waive any minor formalities or irregularities in any offers, and to accept offers, which in its discretion and according to law may be in the best interest of the AEPA Member Agencies and their Participating Entities. A response to this solicitation is an offer to contract with the AEPA Member Agencies based upon the terms, conditions, and scope of work and specifications contained in this invitation. A solicitation does not become a contract unless and until it is accepted, recommended, and approved by AEPA and awarded by the individual AEPA Member Agency. A contract is formed when an AEPA Member Agency administrator and, if required, an AEPA Member Agency Board approves and signs the Acceptance of Solicitation and Contract Award Form (see Part E) document, eliminating the need for a formal signing of a separate contract.

**Assignment:** No right or interest in this contract must be assigned or transferred by the Vendor Partner without prior written permission by AEPA and its AEPA Member Agencies, and no delegation of any duty of the Vendor Partner must be made without prior written permission by the AEPA Member Agency. AEPA and its AEPA Member Agencies must not unreasonably withhold approval and must notify the Vendor Partner within fifteen (15) days of receipt of written notice by the Vendor Partner.

**Audit Rights:** In accordance with applicable law of the State of the AEPA Member Agency, the Vendor Partner's books, and pertinent records related to this contract may be audited at a reasonable time and place.

**Authority:** This solicitation, as well as any resulting contract/agreement, is issued under the general authority of the State laws of the AEPA Member Agency and those identified within the AEPA Member Agencies' Specific Terms and Conditions, Part C, (see also Procurement Code below). Internal or external Cooperative Purchasing Agreements between the AEPA Member Agency and Participating Entities may exist.

**Bidder/Respondent/Offeror/Vendor Partner Definitions:**

**Bidder, Respondent, Offeror, and Vendor Partner** are interchangeable and are used to identify the person(s) or firm(s) submitting a response to an Invitation for Bid or Request for Proposal.

1. Prospective Respondent/Bidder/Offeror: has notified AEPA of a desire to bid by registering on the AEPA solicitation portal. "Bidder" has submitted an offer to AEPA in response to an AEPA solicitation.
2. Recommended Respondent/Bidder/Offeror: has been approved by AEPA for its AEPA Member Agencies for contract consideration.
3. Vendor Partner: has entered into a contract with a participating AEPA Member Agency or subsequently a Participating Entity.

**Bonfire eProcurement Platform (<https://gobonfire.com/>), AKA Euna Procurement:**

An easy-to-use platform that provides Respondents with the automatic notification of open solicitations, automatic notification of answered questions and issued addenda, and a way to electronically submit an organization's solicitation response. All changes, updates, uploads, and downloads are time-stamped and logged as part of the solicitation process. Vendors must register to use Bonfire. Registration information is on the [AEPA website](#). There is no cost for vendors to use Bonfire. Bonfire has recently changed its name to EUNA Procurement. Therefore, the names Bonfire and EUNA Procurement are interchangeable in this solicitation.

**Brand Names:** The use of the name of a manufacturer, brand, make or catalog number does not restrict the Respondent. Brand names and model numbers are used to indicate the character, quality, and/or performance equivalence of the commodity on which offers are submitted. Respondents may submit alternates. However, AEPA reserves the right to decide whether alternatives to the identified manufacturer and brand are equal to the product, equipment, and/or service described in the invitation. AEPA's decision must be final.

**Buyer:** Identifies the AEPA Member Agencies and their Participating Entities that acquire and purchase commodities, supplies, materials, equipment, and services under AEPA Member Agencies' awarded contracts.

**Captions, Headings, and Illustrations:** The captions, illustrations, headings, and subheadings in this solicitation are for explanation only and in no way define, limit, or describe the scope or intent of the request.

**Certification:** By signature in the solicitation section of the Contract Award page, the Respondent certifies: the submission of the offer did not involve collusion or other anti-competitive practices; the Respondent must not discriminate against any employee, or applicant for employment in violation of Federal and State Laws; the Respondent has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with the submitted offer; and the Respondent agrees to promote and offer to AEPA Member Agencies and Participating Entities only those materials and/or services as stated in and allowed under resultant contract(s) awarded.

**Christian Doctrine:** Any federal, state, and local governing authority's/jurisdiction's statutes, codes, rules, and regulations referenced and/or govern the products, services, and activities relating to and are part of this solicitation, whether or not physically noted or included, must be complied with, and adhered to as required. It is the sole responsibility of the Respondent to perform and complete any necessary research and investigation required to make themselves aware of and comply with this item.

**Clarification:** As used in this solicitation, clarification means communication with a Respondent for the sole purpose of eliminating minor irregularities, informalities, or apparent clerical mistakes in the solicitation. It is achieved by explanation or substantiation, either in response to an inquiry by the AEPA Member Agency or as initiated by the Respondent. Clarification does not allow the Respondent to revise or modify its solicitation.

**Commercially Available Catalog:** A published paper catalog or an online website that is widely distributed or accessible to a wide population or set of businesses across the United States. It is made available to the general public, public or nonprofit entities and contains a verifiable price, along with product descriptions, SKU numbers, and photographs. A commercially available catalog is distinct from a custom catalog or website, whose prices and offerings are tailored to niche audiences or are targeted to a small geographic location. The prices published in a Commercially Available Catalog will be considered a company's base pricing or "commercially available pricing" for the purpose of AEPA bids or proposals. All pricing must be in U.S. Dollars. AEPA will not accept an artificial catalog or price list, or base price created for the purpose of responding to a competitive solicitation.

**Competitive Range:** AEPA and its AEPA Member Agencies reserve the right to establish a competitive range of acceptable responses as part of the evaluation process as defined herein. Responses below the competitive range will be determined to be unacceptable and will not receive further consideration.

**Contract Documents:** AEPA Member Agency will review proposed contract documents. Vendor Partner's contract document must not become part of AEPA Member Agency's contract with Vendor Partner unless and until an authorized representative of an AEPA Member Agency reviews and accepts it.

**Construction:** Each AEPA Member Agency defines what constitutes construction within their state statutes, and identifies the policies, rules, regulations, and codes that govern construction projects. AEPA has defined construction as building, altering, repairing, installing or demolishing in the ordinary course of business any road, highway, bridge, parking area or related project; building, stadium or other structure; airport, subway or similar facility; park, trail, athletic field, golf course or similar facility; dam, reservoir, canal, ditch or similar facility; sewage or water treatment facility, power generating plant, pump station, natural gas compressing station or similar facility; sewage, water, gas or other pipelines; transmission line; radio, television or other towers; water, oil or other storage tanks; shaft, tunnel or other mining appurtenance; electrical wiring, plumbing or plumbing fixture, gas piping, gas appliances or water conditioners; air conditioning conduit, heating or other similar mechanical work; or similar work, structures or installations. Construction must also include leveling or clearing land; excavating earth; drilling wells of any type, including seismographic shot holes or core drilling; and similar work, structures, or installations.

**Cooperative Procurement:** Some individual state procurement codes may contain cooperative purchasing statutes that state any state agency or local public body may either participate in, sponsor or administer a cooperative procurement agreement for the procurement of any services, construction or items of tangible personal property with any other state agency, local public body or external procurement unit in accordance with an agreement entered into and approved by the governing authority of each of the state agencies, local public bodies or external procurement units involved. The cooperative procurement agreement must clearly specify the purpose of the agreement and the method by which the purpose will be accomplished. Any power exercised under a cooperative procurement agreement entered into according to each state's procurement code must be limited to the central purchasing authority common to the contracting parties, even though one or more of the contracting parties may be located in different states.

**Cooperative Purchasing Contracts:** The Vendor Partner agrees that all the prices, terms, warranties, and benefits granted by the Vendor Partner to AEPA Member Agencies or Participating Entities through this contract **will be equal to or better than** those offered to any individual entities or cooperatives that have equal or lesser volume. If the Vendor Partner must, during the term of this Contract, enter into arrangements with any customer or cooperative providing greater benefits or terms that are more favorable, the Vendor Partner must notify the AEPA category committee chairperson and offer said prices, terms, warranties, and benefits to all AEPA Member Agencies. The following must be noted:

1. AEPA and its AEPA Member Agencies reserve the right to accept or reject the Respondent's offer if it is determined it does not comply with the above based on their knowledge, investigation, review, and findings of Respondents' submitted prices.
2. In the event the Vendor Partner offers lower prices to another customer or cooperative, AEPA and its AEPA Member Agencies must notify the Vendor Partner of the deviation and request written justification. Based on AEPA and its AEPA Member Agencies' investigation, review, and findings, AEPA reserves the right to take the following actions: to request the Vendor Partner to immediately adjust its AEPA's offered prices to match the lower prices offered, to work with the Vendor Partner to mediate and resolve the situation; or to notify the Vendor Partner that it intends to suspend and/or terminate their contract.

**Cost of Preparation:** Neither AEPA nor any AEPA Member Agency must reimburse the cost of developing, presenting, or providing any response to this solicitation.

**Credit Hold:** The Vendor Partner must agree not to place the AEPA Member Agency and/or its Participating Entity on “credit hold” without 10-days advanced notice in writing, either by letter, facsimile, or email to the AEPA Member Agency and the Participating Entity. The AEPA Member Agencies believe it is better for the Vendor Partner if the AEPA Member Agency places the slow paying Participating Entity on “credit hold;” if a Vendor Partner places the Member Agency on credit hold, Participating Entities that pay promptly are penalized. If, on the other hand, the Member Agency places the offending Participating Entity on “credit hold,” payment is more likely to result and only the offending Participating Entity is penalized.

**Delivery Terms, Conditions, and Requirements**

1. **Delivery:** is to be made within the specified time identified in Part A Specifications for each solicitation category, unless otherwise stipulated in writing and accepted by all parties (Buyer placing order and Vendor Partner). The Vendor Partner agrees to notify the Buyer if an order cannot be processed within the specified period and/or the agreed-upon timelines.
2. **The title and risk of loss of material or service:** must not pass to the Buyer purchasing the material or services until it receives the material or service at the point of delivery (FOB Destination), and they have been accepted, unless otherwise provided within this document or individual project’s contract.
3. **Ownership of products and services** happens only after receipt and acceptance of delivery by the Buyer. The Buyer will be the determining judge of whether materials and services delivered under the purchase order/contract satisfy the specifications and requirements as identified in the contract/order.
4. **Fungible Goods:** Title to an undivided share or quantity of an identified mass of fungible goods will not pass to a Buyer until the separation of the purchased share has been made, delivered, and received.
5. **Shipping Terms:** (See Part A Specifications for specific instructions on shipping and handling costs for the individual category you are responding to.) Vendor Partner must retain the title and control of all goods until they are delivered and received. All risks of transportation and all related charges must be the responsibility of the Vendor Partner unless other arrangements have been made between the vendor partner and the AEPA Member Agency. Shipping must be FOB destination. The Vendor Partner must file all claims for visible or concealed damage. AEPA Member Agency, or the receiving Buyer, will notify the Vendor Partner and/or Freight Company promptly of any damaged goods and must assist the freight company/Vendor Partner in arranging for inspection. No FOB vessel, car, or other vehicle terms will be accepted.
  - a. **Shipping Costs:** Products may be shipped without separate shipping costs. If shipping is allowed as a separate line item per Part A Specifications and charged, the actual cost of delivery may be added to an invoice. No COD orders will be accepted unless specifically requested by the AEPA Member Agency.
  - b. **Shipment under Reservation:** Vendor Partner is not authorized to ship materials under reservation and no tender of a bill of lading will operate as a tender of the materials.
  - c. **Shipping Errors:** Vendor Partner agrees that shipping errors will be at the expense of the Vendor Partner. For example, if a Vendor Partner ships a product that was not ordered, it is the responsibility of the Vendor Partner to pay for return mail or shipment.

6. **Stored Materials (vendor managed inventory):** Upon prior written agreement between Vendor Partner and Buyer, payment may be made for materials not incorporated in the work but delivered and suitably stored at the site or some other location, for installation at a later date. An inventory of the stored materials must be provided to the Buyer prior to payment. Such materials must be stored and protected in a secure location and be insured for their full value by Vendor Partner against loss and damage. Vendor Partner agrees to provide proof of coverage and/or addition of Buyer as an additional insured upon Buyer's request. Additionally, if stored offsite, the materials must also be clearly identified as the property of the Buyer and be separated from other materials. The buyer must be allowed a reasonable opportunity to inspect and take inventory of stored materials, on or offsite, as necessary. Until final acceptance by Buyer, it must be the Vendor Partner's responsibility to protect all materials and equipment. Vendor Partner warrants and guarantees that title for all work, materials, and equipment must pass to Buyer upon final acceptance. Payment for stored materials must not constitute final acceptance of such materials.
7. **Improper delivery:** Unless contrary to other parts of this solicitation, if the goods, services, or tender of delivery fail in any respect, to conform and adhere to the terms, conditions, specifications of the resulting contract based on this solicitation and/or the individual Buyer's contract/order, the Buyer may reject the whole, accept the whole, or accept any commercial unit or units and reject the rest.
8. **Defective Goods:** Vendor Partner agrees to pay for return shipment on goods that arrive in a defective or inoperable condition. Vendor Partner must agree to arrange for return shipment of damaged goods.
9. **Liquidated Damages:** The Buyer may suffer financial loss if the project is not substantially complete, or products or services are not delivered on the established date. The Vendor Partner (if applicable surety) must be liable for and must pay to the Buyer, not as a penalty, the sums that may be hereinafter agreed upon as liquidated damages per calendar day of delay until the work and/or delivery is determined by Buyer to be complete and/or delivered. Liquidated damages will be determined on a project-by-project basis.
10. **No Replacement of Defective Tender:** Every tender of materials must fully comply with all provisions of this contract. If tender is made which does not fully conform, this must constitute a breach, and Vendor Partner must not have the right to substitute a conforming tender without the written consent of all parties involved.
11. **Default in One Installment to Constitute Total Breach:** Vendor Partner must deliver conforming materials in each installment or lot of this contract and may not substitute nonconforming materials. The AEPA Member Agency reserves the right to declare a breach of contract if the Vendor Partner delivers nonconforming materials or services to any Buyer under this contract.
12. **Restocking Fees:** A restocking fee may only be charged on products ordered and delivered to the Buyer's site in accordance with the order/contract. Restocking fees in excess of 15% will not be allowed. Restocking fees may be waived, at the option of the Vendor Partner. The Vendor Partner must identify, specify, and justify any exceptions or deviations taken.

**Disbarment and Suspension:** By signature accepting Terms and Conditions, it is certified on behalf of the company and their key employees that neither the company nor its key employees have been proposed for debarment, debarred, or suspended by any State or Federal Agency within the last five (5) years. If within the past five (5) years, any Respondent has been disbarred, suspended or otherwise lawfully precluded from participating in any public procurement activity with a federal, state or local government, the Respondent must include a letter with its response that includes the name and address of the public procurement unit, the effective date of the suspension or debarment, the duration of the suspension or debarment, and the relevant circumstances relating to the suspension or debarment. Any failure to supply such a letter or not to disclose in the letter all the pertinent information may result in the cancellation of any resulting contract. By signing the solicitation section, the Respondent certifies that no current suspension or debarment exists.

**EDGAR (2 CFR 200) Compliance:** Respondents are required to complete Education Department General Administrative Regulations (EDGAR) compliance certification, found in Part E of this solicitation. EDGAR regulations govern all federal grants awarded by the U. S. Department of Education on or after December 26, 2014.

**Eligible Entities:** Individual AEPA Member Agency's state procurement codes and statutes dictate which agencies, entities, and organizations can participate in cooperative procurement contracts approved by AEPA and awarded by its members. Depending on state-specific regulations, federal and state agencies, local public bodies, and non-profit/non-public entities may utilize these contracts.

**Estimated Quantities:** In Part A Specifications of this solicitation, AEPA, and AEPA Member Agencies have indicated their anticipated volume for the products and services requested. It is anticipated that a considerable amount of activity will result from this solicitation; however, there is no guarantee of future order quantities since this is an indefinite-quantity contract. Usage depends on the actual needs of the AEPA Member Agencies, their Participating Entities, and the marketing by the Vendor Partner.

**Euna Procurement eProcurement Platform, AKA Bonfire**

(<https://gobonfire.com/>): An easy-to-use platform that provides Respondents with the automatic notification of open solicitations, automatic notification of answered questions and issued addenda, and a way to electronically submit an organization's solicitation response. All changes, updates, uploads, and downloads are time-stamped and logged as part of the solicitation process. Vendors must register to use Bonfire. Registration information is on the [AEPA website](#). There is no cost for vendors to use Bonfire. Bonfire has recently changed its name to EUNA Procurement. Therefore, the names Bonfire and EUNA Procurement are interchangeable in this solicitation.

**Experience, Proven Track Record and Past Performance Information:** It has been determined by AEPA and its AEPA Member Agencies to be a major factor in consideration if a Respondent possesses the ability, capacity, and resources to acquire, manufacture, deliver, construct, install, service and support all of the procurement functions and activities involved in a national contract of this nature. AEPA and its AEPA Member Agencies reserve the right to accept or reject an offer if, in its judgment, the Respondent failed to demonstrate the following: a proven track record in the products and services offered (qualifications, knowledge, and background); is willing and able to deliver the proposed products and/or services to ninety (90%) percent of those participating AEPA Member Agencies identified in Part A (unless otherwise noted in Part A Specifications) and has provided relevant information regarding its actions under previously awarded contracts to schools, local, state, or federal agencies. It includes the Respondent's record of conforming to specifications and standards of good workmanship; the Respondent's record of containing and forecasting costs on any previously performed cost-reimbursable contract schedules, including the administrative aspects of performance; the Respondent's history for reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the Respondent's businesslike concern for the interests of the customer.

Additionally, any former Vendor Partner that has not been recommended for extension during a solicitation cycle, or current Vendor Partner that has had under \$100,000 in total sales during the solicitation cycle, must appeal to AEPA in writing (to [bid-committee@aepacoop.org](mailto:bid-committee@aepacoop.org)) before being considered as a viable respondent to the solicitation. The appeal should include reasons for the poor past performance and steps that have been taken by the Vendor Partner to improve future performance. AEPA will reject the appeal if, in AEPA's sole discretion, the appeal does not sufficiently address poor past performance and steps to improve future performance. Failure of the Vendor to provide the appeal, before the due date of the solicitation, will result in the Vendor's submission being rejected.

**External Procurement Unit:** means any procurement organization not located in a current AEPA Member Agency state which, if located in the state, would qualify as a federal or state agency or a local public body. Cancellation by one AEPA Member Agency does not require other Agencies to cancel their contracts.

**Termination by Non-Approval of AEPA:** AEPA Member Agencies, on an annual basis assess, evaluate, and review existing AEPA vendors to determine if the organization as a whole desires to extend its approval of those vendors. If an existing AEPA vendor's approval is not extended for an additional term, the AEPA Member Agencies cannot extend the disapproved vendor's contract for a period exceeding six (6) months. See Term of Contract and Extensions above.

**Termination for Convenience:** AEPA Member Agencies reserve the right to immediately terminate this contract, without penalty or recourse, in whole or in part, if the AEPA Member Agency determines that termination is in the best interest of Participating Entities. The Vendor Partner, after receipt of a "Notice of Termination," must not accept any new orders after the termination date specified in the notice. Any termination must not affect projects that are in progress at the time the cancellation is received by the AEPA Member Agency. Vendor Partner must be entitled to receive just and equitable compensation in accordance with applicable contract pricing for work in progress, work completed, and materials accepted before the effective date of the cancellation. The Vendor Partner will not be reimbursed for any anticipated profit. The AEPA Member Agency reserves the right to cancel, or suspend the use thereof, any contract resulting from this solicitation if the Vendor Partner files for bankruptcy protection or is acquired by an independent third party. Vendor Partner may cancel this contract upon written notice to the AEPA Member Agency prior to the intended termination date (or on the yearly anniversary of the solicitation). Any termination must not affect projects that are in progress at the time the cancellation is received by the AEPA Member Agency.

**Termination for Default:** If either party is in default under this contract, it must have an opportunity to cure the default within the time indicated (ten business days in most states) after it is given written notice of default by the other party, specifying the nature of the default. Upon receipt of the notice of default, the defaulting party must have ten business days to provide a satisfactory response to the AEPA Member Agency. Failure on the part of the defaulting party to adequately address all issues of concern may result in contract termination. If the default is not cured within the time specified in the notice of default, the non-defaulting party must have the right, in addition to all other remedies at law or equity, to immediately terminate this contract. Failure to complain of any action, non-action or default under this Agreement must not constitute a waiver of any of the parties' rights hereunder. The AEPA Member Agency reserves the right to terminate this contract, or any part hereof, for cause in the event of any default by the Vendor

Partner, or if the Vendor Partner fails to comply with any contract terms and conditions, or fails to provide the AEPA Member Agency, upon request, with adequate assurances of future performance. In the event of termination for cause, the AEPA Member Agency must not be liable to the Vendor Partner for any amount for supplies or services not accepted, and the Vendor Partner must be liable to the AEPA Member Agency or any Participating Entity for any and all rights and remedies provided by law. If it is determined that the AEPA Member Agency improperly terminated this contract for default, such termination must be deemed a termination for convenience. The AEPA Member Agency will issue written notice to the Vendor Partner for acting or failing to act in any of the following:

1. The Vendor Partner provides material that does not meet the specifications of the contract;
2. The Vendor Partner fails to adequately perform the services set forth in the specifications of the contract;
3. The Vendor Partner fails to complete the work required or to furnish the materials required within a reasonable amount of time;
4. The Vendor Partner fails to make progress in the performance of the contract and/or gives the AEPA Member Agency reason to believe that the Vendor Partner will not or cannot fulfil the requirements of the contract;
5. The Vendor Partner fails to extend lower pricing that has been offered to another customer or cooperative that has equal or lesser volume.
6. The Vendor Partner fails to observe any of the terms and conditions of the contract;
7. The Vendor Partner fails to follow the established procedure for purchase orders, invoices, and receipt of funds as stipulated by the AEPA Member Agency.

**Termination for Non-Appropriation:** Any individual Buyer's procurement/contract covered by this solicitation and executed in accordance with the resulting contract may be terminated if insufficient appropriations and/or authorizations do not exist due to changes in state or federal law, or because of a court order, or because of insufficient appropriations made available to the Buyer's governing board and/or its State Legislature. Such termination will be affected by sending fifteen (15) days' written notice to the Vendor Partner. The Buyer's decision as to whether sufficient appropriations and authorizations are available must be accepted by the Vendor Partner and must be final.

**Title and Risk of Loss:** The title and risk of loss of material or service must not pass to the Buyer purchasing the material or services until it receives the material or service at the point of delivery unless otherwise provided within this document.

**Trade-in Equipment:** Equipment for trade-in must be dismantled by the Vendor Partner and removed at its expense. The conditions of the trade-in equipment at the time it is turned over to the Vendor Partner must be the same as when the original agreement was made, except as affected by normal wear and tear from use between the time of the solicitation and the trade-in. Values placed on trade-in products are between the Buyer purchasing the new unit and the Vendor Partner.

**Vendor Partner:** Respondent who has been approved and awarded a contract for the delivery of construction, tangible personal property, supplies, or services in response to this solicitation.

**Vendor Partner Contact:** Vendor Partner will designate one individual who will represent them to AEPA, and its AEPA Member Agencies during the contract period. This contact person will correspond with each AEPA Member Agency for technical assistance, problems, or questions that may arise. If other staff, distributors and/or independent Vendor Partners will be performing the sales or support functions for different geographical areas (states), Vendor Partner must include instructions and contact information that can be distributed to AEPA Member Agencies upon approval of this bid.

**Warranty:** Vendor Partner warrants that all commodities, supplies, materials, equipment, software, and service delivered under this contract must conform to the specifications of this contract. All items should carry a warranty equal to the intended life cycle or a minimum manufacturer's warranty that includes parts and labor unless otherwise specified in the category specifications. The manufacturer has the primary responsibility to honor a manufacturer's warranty; a distributor or dealer agrees to assist the purchaser to reach a solution in a dispute with the manufacturer over a warranty's terms. Any extended manufacturer's warranty will be passed on to the Buyer. For example, if a voice board has a three-year warranty, but the board is in a turnkey system that has a one-year warranty, the voice board's three-year warranty must be honored by the manufacturer and the Vendor Partner. All extended warranties must be passed on, without exception. If upon discovery, the Vendor Partner charges a Buyer for a replacement part that the Vendor Partner actually received at no cost under a warranty, the Vendor Partner will rebate the amount billed and the Buyer reserves the right to cancel the contract.
