Cafeteria and Food Service The Sessanta™ Series

Effective waste and recycling stations play an important role in creating cleaner, more sustainable school and cafeteria environments. Designed to handle heavy daily traffic while encouraging proper waste sorting, simplifying collection, and seamlessly integrating into the overall look and feel of the space.

The Sessanta series brings together smart functionality and contemporary design to support waste diversion efforts in educational settings. Purpose-built for cafeterias and food service, it features an integrated tray return system, intuitive waste-stream organization, and easy-access servicing to keep operations running efficiently. Its durable construction and customizable signage help schools create a more engaging recycling experience while maintaining an organized, welcoming environment for students and staff alike.

Looking for more resources on food service waste management? We got the webinar for you!

WHY BUSCH?

Indoor Containers

Customizations

Signage, Labels, Colors, and Restrictive Openings!

Outdoor Containers

Busch Systems® has been passionately delivering recycling and waste solutions for over 40 years and is the number one rated brand in the industry according to TrustPilot®. With a comprehensive offering of customizable recycling & waste containers and safe spaces dispensing products, Busch Systems® is committed to providing solutions designed to meet the comprehensive needs of Members' and end users' collection programs.

As part of our commitment to sustainability, we love sharing our passion and expertise with others. Through our webinars, we'll present case studies, best practices, and industry updates so viewers are sure to gain valuable knowledge on current topics in the recycling industry.
