Benefits of Modular Stations

The Waste Watcher™ Series

A modular station gives you future-proof flexibility, better user guidance for sorting, and a customizable, scalable solution that adapts as your recycling and waste program changes. All without needing to overhaul your system every time your waste and recycling diversion needs evolve!

The Waste Watcher™ series is easy to assemble, connect, and reconfigure. Multiple capacity options, colors, and lids enable customized multi-stream setups, while clear signage supports proper sorting.

Service-friendly features and accessories such as connectors and dollies add convenience, stability, and mobility, creating a highly adaptable and effective waste and recycling solution.
