- Annual Cost Savings
\$10,017.37
- Improved Lighting Levels
50%

“Power fluctuation issues solved. We're seeing better lighting and reduced maintenance.”

Athletic Director,
Royal ISD

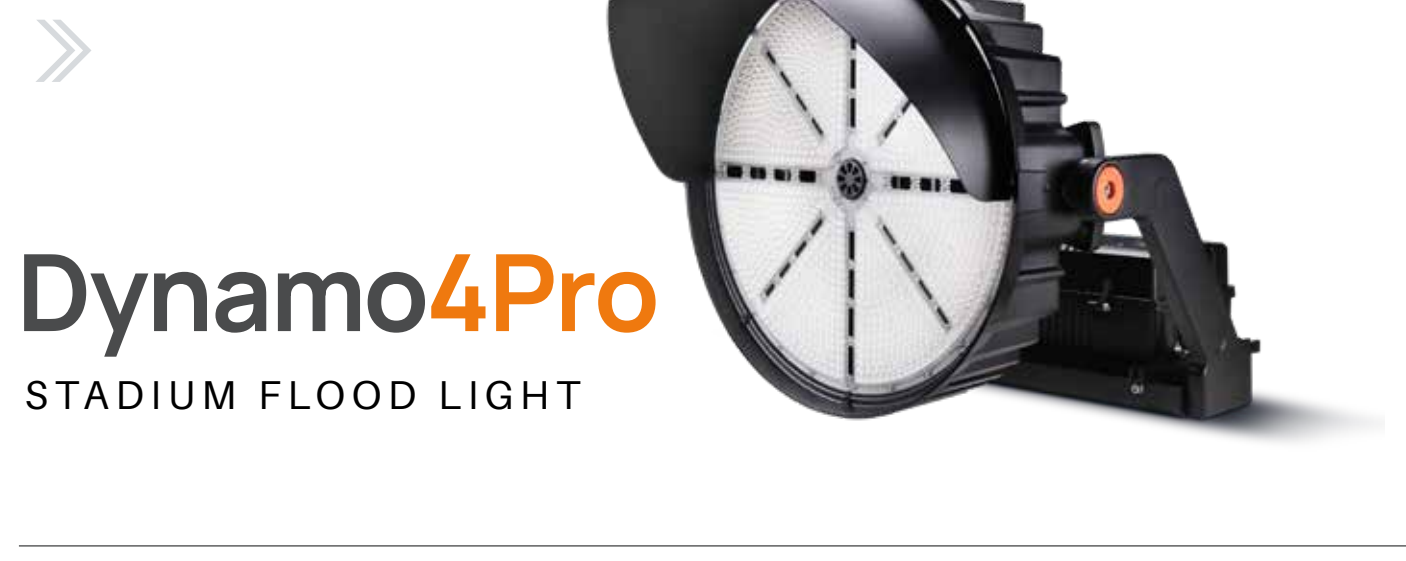

Illuminate Every Play: Our Premier Stadium Lighting Range

Glare-Free Precision Powered by OLM® Technology

Precision-engineered with Optimum Light Management (OLM®) technology, GlareX minimizes glare and enhances visibility.

- Up to 150,000 lumens
- ≤10 UGR low glare for athlete and spectator comfort
- Vacuum-aluminized reflectors & anti-glare visor
- Compatible with DMX/DALI controls

Adaptive Illumination with Integrated Flexi-Driver Technology

Features Flexi-Driver technology, enabling precise power selection for adaptive illumination that delivers significant energy savings & long-term reliability.

- Power Selectable 750W-1200W
- Up to 172,900 lumens
- Low EPA design for wind resistance
- Optional visor & laser pointer for focused illumination

Engineered for Speed, Simplicity & Built-In Integrax System

Integrax System delivers all-in-one electrical integration, eliminating excess wiring and reducing lifetime maintenance requirements.

- Ergonomic silicone handle for ease of install
- DMX control-ready
- Available in 20°, 40°, and 60° beams
- Designed for fast installs on existing poles

The IKIO Advantage

NFHS-Compliant
Lighting for athletic fields

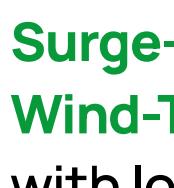

ASHRAE Level 1 & 2 audits
for funding & compliance

Certified & Rebate-Eligible
DLC, BAA, BABA, Energy Star

Synapse DMX Control
for automated scheduling,
zoning & dimming

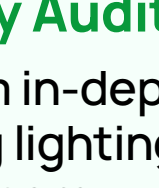

**Surge-Protected,
Wind-Tested Fixtures**
with low EPA

**Up to 25-Year
Warranty Options**

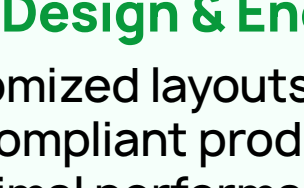

End-to-End Services – We Simplify It All

Offering a 360° Turnkey Project Solution, managing every step of your lighting upgrade:

Free Energy Audit & Scoping

We perform in-depth analysis of existing lighting systems and energy usage.

Lighting Design & Engineering

Customized layouts using AEPA-compliant products for optimal performance.

Simplified Proposal & Easy Procurement

Pre-negotiated pricing with no RFPs—hassle-free procurement.

Direct Delivery & Commissioning

Efficient logistics and professional installation by certified technicians.

Final Verification & Client Success

Post-installation checks to verify performance and ensure satisfaction.

We handle it all, from start to finish, with a strong network of licensed local contractors familiar with state regulations.

Ready to Experience the IKIO Difference and Unlock Exclusive AEPA Benefits?

AEPA Members: Unlock fast-track upgrades with pre-negotiated pricing, federal compliance, and 25-year extended warranty options.

Let IKIO & AEPA make it simple.
