

NEW FISCAL YEAR. NEW FUNDING.

ARE YOU READY?

- > July 1 marks the start of the new fiscal year for 46 states.
- > Those who plan in June secure funding in July.

June Planning Drives July Success

01

JUNE

Plan Smart

Lock down layouts, confirm procurement paths, and prep compliance.

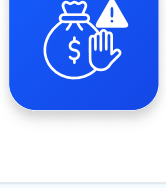

02

JULY-AUGUST

Execute Fast

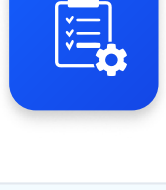

Tap into fresh funding allocations the moment they reset.

Get Project-Ready Before Funding Starts

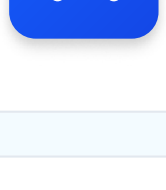

Assess

Pinpoint energy inefficiencies and budget leaks

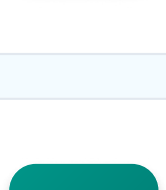

Plan

Prioritize project scope based on urgency and ROI

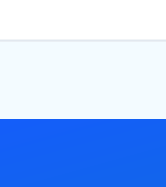

Design

Engineer tailored lighting layouts for every environment

Deliver

Execute seamless installation with zero downtime

Support

Provide compliance documentation and ongoing optimization

Navigating grants and rebates can be a headache, so we're here to help guide you through the process. We'll help maximize your funding opportunities to ensure your project hits its energy goals without straining your budget.

How We Help Communities

See how school districts are transforming their athletic facilities to maximize player safety, enhance spectator visibility, and slash energy costs.

CASE STUDY

Mohawk High School

Football Field Lighting Upgrade

A complete LED upgrade delivering pristine on-field visibility, enhanced player safety, and immediate energy savings.

CASE STUDY

Moorhead Area School District

Complete Lighting Upgrade

A multi-facility LED modernization designed to standardize lighting quality and slash district-wide operational costs.

[Learn More](#) →

Funding-Ready. Audit-Ready. Compliance-Ready.

Upgrades often stall because funding rules and documentation get complicated.

ASHRAE Level 1 & 2 audits to support rebate maximization

DLC+BAA+BABA Compliance for grant-ready projects

Expert guidance aligning project scope with state and federal incentives

Free Photometric Review + Lighting Layout

No cost. No commitment.

Get a clearer view of your project scope, lighting needs, and funding readiness before new budget
